60 Years of Innovation and Progress

On December 17, 1956, Downey was incorporated as a city in Los Angeles County, California. Having established itself as the “Cradle of the Cosmic Age” due to its role in advancing American aerospace, Downey’s population soared. Centrally located, Downey soon became a community of fine homes, great schools, churches, and most of all, community involvement.

From orange groves to aerospace, today, the City of Downey finds itself at a turning point towards an even brighter future. As more businesses and families begin to call Downey home, Downey has become an enjoyable destination in Southern California.

In 60 years, much has changed, but we have only just begun. Downey is a city of good taste and gracious living with a future unlimited.

The City of Downey will be celebrating 60 years through the following community events:

“We’ve Only Just Begun”
A Carpenters Remembered Concert on August 13th. Visit www.downeytheatre.com for more information and to purchase tickets.

“Stardust”
A special concert presented by the Downey Symphony Orchestra on October 22nd. Visit www.downeyorchestra.org for more information.

EMERGENCY TRANSPORTATION SUBSCRIPTION PROGRAM

The City of Downey offers its residents an Emergency Transportation Subscription Program that can be subscribed to on an annual basis. For \$60.00 a year, an entire household will receive unlimited emergency transportation services in the City of Downey without any additional cost.

Non-subscribers, in the event of an emergency, would be responsible for Advanced Life Support transport fees, which start at \$2,102.50, and Basic Life Support transport fees start at \$1,391.00.

The Emergency Transportation Subscription Program is a supplemental insurance program that will eliminate any additional "out of pocket" expenses.

For those residents who have not already enrolled for this year's policy period, it is not too late to take advantage of this program. The policy coverage runs from March 1 through February 28 of each year. You may enroll for the remainder of the year at any time; however, coverage is not retroactive.

To obtain the enrollment forms and further information, please call (562) 904-7345, or come to City Hall at cashier window.

COMMUNITY DEVELOPMENT DEPARTMENT FAQs

When do I need to obtain a permit to conduct work on my property?

You need a permit for any construction to your property besides the painting of your home. This includes replacing a driveway, building a fence, building a patio cover, or making any additions or alterations to your home. For more information, contact the Building Division at (562) 904-7142.

Who can pull a building permit for my residence?

Generally, only a California Licensed Contractor or the property owner can pull a permit. You may check with the Contractors State License Board (CSLB) to see if your contractor has a valid license. There are, however, a few exceptions to this basic rule. For more information, contact the Building Division at (562) 904-7142.

What is the Zoning designation of my property?

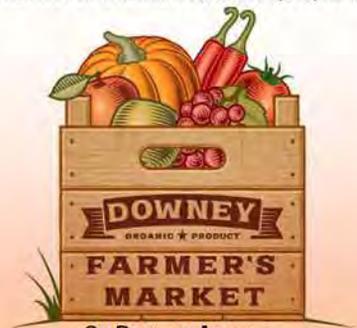

A zoning map is available for your review at the Planning counter or online at www.downeyca.org/gov/cd/planning/default.asp. For more information, contact the Planning Division at (562) 904-7154.

Can I get help with financing improvements to my home?

The Housing Division offers you a Rebate and Grant Program to rehabilitate the homes of households that qualify under low and moderate income. For more information, contact the Housing Division at (562) 904-7161.

Who do I call to report violations about inoperative vehicles, high grass/weeds and garage conversions?

TRANSACTIONS AND USE TAX ORDINANCE

A Sales Tax on the November Ballot

The Downey City Council voted on June 28 to place an increase of ½ percent to the transactions and use tax, commonly known as the sales tax, on the November 2016 ballot. A sales tax increase could:

Maintain a **city-run Police Department and Fire Department**, which ensures quick response times to Downey emergencies, saving lives and keeping our community safe

Put more police officers on the street and **enhance police services** to support crime, gang and drug prevention programs like safe and supervised activities for kids that keep them off the streets, away from gangs and out of trouble

Ensure **fire engines** and **emergency vehicles** have updated equipment

Ensure adequate funding for **parks, youth and senior programs** and keep Downey one of the safest cities, with the highest quality of life, in the area

Invest in early **repairs of streets and sidewalks** to continue to improve main thoroughfares and residential streets and avoid extremely costly repairs in the future

Funds Must Stay in Downey—Not Sacramento

- Provide **\$9 million annually** by increasing the sales tax by ½ percent
- **Independent citizens' oversight** ensures funds are spent properly
- **Expires in 20 years** and cannot be renewed without voter approval

YOUTH & TEEN TENNIS LESSONS

Participants must bring their own racket to each lesson.

Tennis Lessons 9 & Under 4 weeks

9 and Under Tennis follows the same logic as other youth sports like baseball or soccer, which use kid-sized courts and kid-sized equipment! Special tennis balls move slower to allow children the time to get to the ball and develop optimal swing patterns. Courts are smaller and easier to cover. By using this format, the benefits are immediate and within a short time kids are rallying, playing and excited to keep playing. That means kids will have more fun and less frustration. They're playing real tennis and having real fun - and that's what is most important.
