CITY OF DOWNEY

PRESS RELEASE

Wi-Fi Service Now Available at City Hall and Library

Downey, CA, April 2, 2014: Wi-Fi service is now available at Downey City Hall and the Downey City Library. Patrons visiting these two facilities will now have the opportunity to access the internet from personal devices such as cell phones, iPads, and laptop computers.

Mayor Fernando Vasquez, a strong advocate for increasing the City's use of technology, commented, "We are pleased to know that our residents can now have free access to the internet when they visit our City Hall and Library locations. Our City is moving forward with a high-tech approach and I am excited for the future of technology here in Downey."

Wi-Fi service is provided through Time Warner Cable and the public can access the system by joining the "**TWC WiFi**" network during their visit to City Hall or the Library. Upon their acceptance to the terms of service, users will be provided with two hours of free internet access.

"Making Wi-Fi accessible to the public is an essential service and I encourage our residents to make use of this new feature next time they stop by to do business with us," said Mayor Pro Tem Luis Marquez.
