How does Online Voter Registration work?

- The online registration portal can be accessed at <http://registertovote.ca.gov/>

**FOR IMMEDIATE RELEASE**

- The process uses your California Driver's License or Identification number to match your voter registration information to Department of Motor Vehicles records.
- The Secretary of State obtains the registrants' signature image on file from the DMV. This information will then be provided to the counties and added as the official signature of record on the voter file. The applicants' information must match in order to complete the registration process providing increased registration security.
- Individuals who do not have a California Driver's License or an Identification number can still use the online portal but will be required to print the form, sign it and mail it back.
