II. **Discontinuation of Residential Water Service for Nonpayment:**

A. **Rendering and Payment of Bills:** Bills for water service will be presented to each residential customer on a bi-monthly basis, unless otherwise provided for in the City’s rate schedules. Bills for services are due and payable upon presentation and become subject to discontinuation of service if not paid within sixty (60) calendar days from the date of the bill. It is the residential customer’s responsibility to assure that payments must be received by the City of Downey-Finance Department in a timely manner. Partial payments are not authorized, unless prior approval has been received from the Finance Director or his or her designee. Postmarks are not acceptable. City shall contact the residential customer no less than seven (7) business days by telephone OR written notice prior to discontinuation of water service.

B. **Written Notice Requirements:** The following rules apply to residential customers whose bills remain unpaid for more than twenty-one (21) calendar days following the bill date. :

1. **A Past Due Notice:** A Past Due Notice will be mailed to customers with account balances of $25.00 or more that remain unpaid for more than twenty one (21) calendar days following the bill date and will be charged a late fee. If the residential customer’s mailing (billing) address is not the same as the service address, and the account balance remains unpaid for more than forty (40) calendar days following the bill date, the Past Due Notice will also be sent to the service address addressed to “Occupant.”

2. **Good Faith Notice:** If the City is not able to contact the residential customer by written notice (e.g., a mailed notice is returned as undeliverable) or if payment is not received by the Due Date listed on the Past Due Notice, a Water Disconnection Notice (“Red Tag”) will be hung on the door of the residence receiving water service and a
special notice fee will be added to the next bill. A link to the City’s policy on Discontinuation of Residential Water Service will be available on the Red Tag. Additionally a copy of the City’s policy on Discontinuation of Residential Water Service can be provided upon request by calling (562) 904-7246 or can be obtained on the City’s website.

3. **Courtesy Call:** No less than seven (7) business days before discontinuation of water service, the City will provide notice to the residential customer of the impending discontinuation of water service by telephone. This courtesy call shall serve as the City’s final attempt to collect the past due amount prior to disconnection. In that courtesy call, the City shall offer to provide the residential customer with a copy of this Policy and upon request provide the residential customer the options for alternative payments, as described in Section III, below, and the procedures for review and appeal of the customer’s bill, as described in Section IV, below.

C. **Notification of Returned Check:**

1. **Returned Check Tendered as Payment for Water Service:** Upon receipt of a returned check rendered as remittance for water service or other charges, the City will consider the account not paid. The City will attempt to notify the residential customer by leaving a Notice of Termination of Water Service (“Yellow Tag”) at the service address. Water service will be disconnected if the amount of the returned check and returned check charge are not paid by the deadline specified on the Notice, which shall not be sooner than the sixtieth (60th) calendar day after the invoice for which payment by the returned check had been made. To redeem a returned check and to pay a returned check charge, all amounts owing must be paid by cash or certified funds.

2. **Returned Check to Restore Disconnected Water Service:**
   If the check tendered and accepted as payment which resulted in restoring service to an account that had been disconnected for nonpayment is returned as non-negotiable, the City may disconnect said water service upon at least three (3) business days’ written notice.
