**BUDGET OVERVIEW**

**City of Downey**

# City Manager's Transmittal Letter

---

June 23, 2020

Dear Mayor Pacheco and Members of the City Council:

It is my pleasure to present the City of Downey's Fiscal Year (FY) 2020-2021 Budget (Budget) and Capital Improvement Program (CIP) for City Council's consideration in accordance with the requirements of the Downey City Charter.

The Budget and CIP are a comprehensive financial plan with which the City Council delivers core municipal services to the Downey community and advances Downey's Mission and Values, City Council Priorities, and Annual Budget Goals and Objectives.

The Budget continues to demonstrate the City's strategic financial management, evidenced by the organization's ability to balance the Budget while navigating the financial impacts of the COVID-19 pandemic.

Moreover, the Budget continues to reflect the City's commitment to improving the quality of life of Downey residents by investing in infrastructure needs. This Budget marks the completion of the Measure S Capital Improvement Program, the most robust capital improvement program in the City's history. All Measure S projects, including four modernized Fire Stations, Downey Library, seven parks, Downey Theatre, Police Station, and other ADA and facility improvements will be re-opened and available for current and future generations to enjoy. I appreciate the City Council's leadership throughout the three year Measure S program, and the community's patience and trust in the City.

I'm also proud that the completion of these projects occurred without adding any personnel or impeding on the City's superior customer service and key funding for major efforts towards furthering the City Council's five overarching priorities:

- Fiscal Responsibility
- Efficiency & Adaptability
- Economic Vibrancy
- Quality of Life, Safety & Infrastructure
- Public Engagement

The remainder of this budget message will provide you with an overview of the City's financial program for the next year and, the major priorities and issues that helped shape the budget.

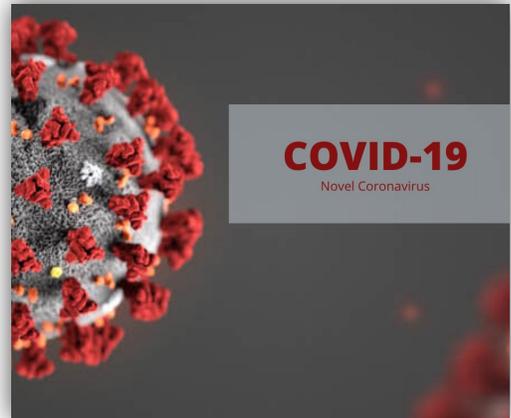

# City Manager's Transmittal Letter

---

## Economic Outlook

Entering into the new decade, the United States (U.S.) continued to make economic history by extending its 126 months of continuous growth. Additionally, despite trade conflicts between the U.S. and the People's Republic of China, growth continued solidly in 2019 at an annualized rate of 2.3 percent. Additionally, according to the Los Angeles Economic Development Corporation (LAEDC) February 2020 Economic Forecast Report, it was anticipated that growth would continue at or slightly below the 2 percent mark in 2020.

Unfortunately, the U.S. Economic Outlook dramatically changed in March 2020 as a result of the rapid onset of COVID-19. COVID-19 caused the first pandemic induced recession of the postwar era. The U.S. GDP contracted at a seasonally adjusted annual rate of 4.8 percent in 1Qtr 2020 according to the U.S. Department of Commerce. The swift reaction by consumers and businesses to the COVID-19 crisis caused a massive decrease in spending on certain goods and services, and the stock market saw significant fluctuations in stock prices. Further, the uncertainty of how long the presence of the virus will disrupt the U.S. economy has made forecasting local government revenues challenging. As such, many forecasts have been developed in consideration of "Safer-at-Home" health order relaxation phasing, federal and state legislation assistance, and comparisons to previous economic downturns such as the Great Recession, Hurricane Katrina, and the ZIKA outbreak. Currently, it is anticipated the California Budget for FY 2020-21 will face a \$54 billion deficit.

## Economic Development and Housing

The California Association of Realtors (CAR) 2020 California Housing Market Forecast from September 2019 predicted a small uptick in existing single-family home sales of 0.8 percent in 2020 to reach 393,500 units, up from the projected 2019 sales figure of 390,200. The California median home price was forecasted to increase 2.5 percent to \$607,900 in 2020, following a projected 4.1 percent increase from last year to \$593,200. Additionally, it was predicted the average 30-year, fixed mortgage interest rate will dip to 3.7 percent in 2020, down from 3.9 percent in 2019 and 4.5 percent in 2018, and will remain low by historical standards.

Further, according to the LAEDC, it forecasted roughly 21,000 new units permitted in 2020 and 2021, which demonstrates a slight decline, but study construction trend. This matches trends seen in Downey, with continued major housing projects, such as the Highpoint Townhomes - 39 condominium project.

However, in CAR's April 2020 update, realtors stated they began experiencing a drop in sales transactions as a result of COVID-19. Specifically, the average new daily listings prior to the Statewide Order were at 478 in Southern California and dropped to 270 after the Order was in place. Additionally, fluctuations in financial markets impacting people's wealth and lower household incomes have materialized into a slow-down in house purchasing. This is all compounded by the pre-existing affordable housing issues in Southern California that many new buyers are experiencing. In Downey, house sells dropped from 128 in 4Q 2019 to 88 in 1Q2020. The California Department of Finance also forecasts permits for new housing construction, a key economic indicator, to drop by more than 21 percent in the upcoming year.

# City Manager's Transmittal Letter

---

The financial impact to the City if a cooling off of the overall housing market continues is that it reduces the rate of ownership changeover and may flatten the growth in property tax revenue that the City receives. Due to California State Prop 13, properties cannot be reassessed at their market values until a change in ownership.

## Unemployment and Consumer Confidence

The nation experienced a steady increase in job growth in recent years and was expected to do so in 2020. From February 2019 to February 2020, the unemployment rate declined from 3.8 percent to 3.5 percent. However, in March unemployment claims soared as massive job losses occurred due to the COVID-19 pandemic. According to the U.S. Department of Labor, the U.S. employment rate grew from 3.5 percent to 4.4 percent in March, with a historic 16 million people filing for unemployment, meaning that the U.S. lost 10 percent of its workforce. In comparison, a similar amount occurred over an 18 month period during the Great Recession. In April, the unemployment rate skyrocketed to 14.7 percent, bringing the total number of first-time unemployment claims to 30.3 million from Mid-March (onset of the pandemic) to April 30, representing roughly 18.6 percent of the US labor force.

In March, California saw the biggest unemployment claims of any state with 2.4 million applications in the three weeks, approximately 12 percent of the civilian workforce. In March, California's unemployment rate was at 5.3, an increase from 4.2 in March 2019, and is expected to significantly increase in April as it did at the national level. As of March 2020, Downey's unemployment rate was at 5.9, an increase from 4.10 percent when compared to last year.

Further, the U.S. Department of Commerce stated U.S. consumer spending fell 7.5 percent in March accompanied by a sharp 2 percent drop in personal income. The Bureau of Labor Statistics also saw consumer spending in Southern California decline by .7 percent in March. Additionally, the California Department of Finance recently forecasted personal income to drop by 9 percent in the upcoming year.

As consumer confidence serves a key economic indicator, data signaling individuals are less optimistic regarding the overall state of a country's economy and their own financial situations due to growing unemployment and decreases in household spending and investment, will have negative impacts on the local economy and City revenues.

## City Council Priorities, Goals, and Performance Indicators

The City Council's five overarching priorities drive the development of the annual budget goals and objectives, which are the basis for the budgetary proposals. Department goals described in each department narrative are confirmed during the City Council's annual goal-setting workshop as supporting the Council's five overarching priority areas.

# City Manager's Transmittal Letter

---

98 percent of the FY 2019-2020 Budget Goals were successfully completed, despite the City's swift focus to the COVID-19 emergency in middle of the 3<sup>rd</sup> Quarter budget year. Notable FY 2019-2020 successes include the following:

- Obtained the ICMA Performance Measure Certification Award
- Increased Social Media Followers by 9,200
- Created a City merchandise store
- Development of Highpoint Townhomes – 39 Condominiums
- Completed a specific plan for Rancho Los Amigos South Campus and WSAB light rail station
- Began Construction of Marriott Hotel
- Established Staff Cyber Security Training
- Balanced the Budget
- Developed a Transit App that helps riders plan trips in real-time
- Installed new Mobile Data Computers in all first responder apparatus
- Completed various Measure S projects
- Entered into a new vendor contract at the Rio Hondo Golf Course and Event Center
- Developed a specialized investigative team to help identify and address criminal activity related to the exploitation of those victimized through “Human Trafficking”
- Finalized the Urban Forestry Management Plan
- Recognized as a “Tree City”

Highpoint Townhomes

Fire Station No. 1

Apollo Park

Dennis the Menace Park

Fire Station No. 3

Recognized as Tree City USA

# City Manager's Transmittal Letter

These achievements along with others will be highlighted in the City's Annual Accomplishments Brochure that is shared with the public. For FY 2020-2021, while the City will primarily focus on recovering from the COVID-19 crisis, the City Council and Department Heads have noted the following key budget goals for the upcoming year.

## CITY OF DOWNEY FY 2020-21 KEY BUDGET GOALS

### FISCAL RESPONSIBILITY

Maintain a financially stable local government

- Ensure a Balanced Budget
- Receive GFOA and CSMFO awards for the City's Budget and CAFR
- Increase amount of online billing payments
- Review Citywide Lighting and Landscaping District assessment rates
- Explore grant opportunities

### EFFICIENCY & ADAPTABILITY

Create an environment where new processes and programs are encouraged and are used to improve internal and external services

- Implement a Public Records Request System to streamline the process
- Update City's systems, hardware, and Data Services
- Upgrade Fire Department's Records Management System
- Develop a staff succession planning
- Implement an integrated work order/service request management software for maintenance items
- Implement magnetic card key reader system at City facilities.
- Obtain ICMA Performance Measures Certification Award

### ECONOMIC VIBRANCY

Support community needs through a stable, vibrant and diverse local economy

- Explore Enhanced Infrastructure Financing District for the West Santa Ana Branch Light Rail Line
- Obtain ownership of the Coffman Wing and develop into a STEM incubator, Downey Museum and cultural offerings
- Redevelopment of the Promenade Back 20 & NASA/Vultee building
- Proactive use of Los Padrinos Juvenile Hall and coordinate with Los Angeles
- Install Wayfinding for key City areas
- Complete a specific plan for Rancho Los Amigos South Campus, light rail station
- Continue to Foster Downtown Growth

### PUBLIC ENGAGEMENT

Cultivate a trustworthy and participatory local government through equitable, transparent, and effective processes

- Create a Down Arts Council
- Cross-marketing at Parks
- Expand the Neighborhood Watch Program
- Increase social media followers

### QUALITY OF LIFE, SAFETY & INFRASTRUCTURE

Foster a safe community through key investments and providing inclusive, diverse community programs and activities

- Finalize the completion of Measure S projects
- Develop an in-house Theater company
- Begin the 2nd building expansion project at the Columbia Memorial Space Center, including identify designers, the program plan and community needs
- Launch new programming at the Library due to re-opening
- Explore a hotspot check out program for veterans and low income individuals
- Provide a library card to all Downey High school Students
- Review on-line registration process Increase events at Downey Theatre
- Increase events at Rio Hondo Golf Course and Event Center
- Implement police officer tactical medical program to provide emergency treatment to officers and the public in tactical emergency situations
- Implement Citywide Active Transportation Plan
- Install rectangular rapid flashing beacons at marked uncontrolled crosswalks at high volume or arterial street locations.
- Implement two water pressure zones in the City to increase reliability of water service and supply to the community.

# City Manager's Transmittal Letter

## Performance Indicators

In align with the City Council's five overarching priorities; the City has also devised a variety of Performance Indicators to track Department efficiencies and effectiveness. These indicators are noted in each Department section, and compare annual targets to actual data and projections.

## Budget Process

The City's budget is developed by the following framework:

1. Focusing on the long-term fiscal health of the City.
2. Building a prudent reserve;
3. Developing long-term strategies to reduce unfunded liabilities;
4. Controlling labor costs while minimizing layoffs;
5. Allocating one-time revenue for one-time expenses;
6. Requiring enterprise and grant funds to balance and new programs to pay for themselves; and
7. Any new expenditure requiring either additional revenue or expenditure reductions.

The City's budget process assigns resources to the goals, objectives, and community priorities set by the City Council. New programs are added based on Council service and program priorities. Under the City Charter, the City Manager prepares and recommends to the City Council an operating budget and a capital improvements budget for consideration and adoption. The annual budget cycle (Appendix A) begins in January with the development and adoption of the City Council's priorities and goals for the upcoming fiscal year. Subsequently, budget development instructions, including policy directives, are prepared for staff.

The Department heads meet with the City Manager and Finance Director to reviews and evaluate the baseline budgets and the supplemental requests, with the purpose of fulfilling City Council goals and objectives, improving management effectiveness and service delivery, or increasing productivity. The City Manager then develops a balanced budget proposal for submission to the Budget Subcommittee.

Following recommendations from the City Council's Budget Subcommittee, the Mayor and City Council are presented with the City Manager's balanced budget proposal at a budget workshop in late May or early June of each year.

Through Council authorization, a budget hearing date is set in June. With the budget workshop and the formal public hearing for adoption, the City Council has held at least 2 formal public meetings regarding the budget. Budget amendments are considered for incorporation into the proposed budget prior to the formal budget adoption. The Council adopts the budget by June 30 with the passage of a resolution following a public hearing noticed in the appointed adjudicated newspaper. A separate resolution is set with the annual appropriations limit and a third resolution sets the fees for the fiscal year.

# City Manager's Transmittal Letter

## Basis of Budgeting

The budgeting (accounting and reporting) policies of the City conform to Generally Accepted Accounting Principles (GAAP) applicable to state and local governments. These principles include standards prescribed by the Governmental Accounting Standards Board (GASB) which includes the statements and interpretations of the National Council on Governmental Accounting and the principles prescribed by the American Institute of Certified Public Accountants in the

publication entitled Audits of State and Local Governments. The budget differs from the annual financial reports issued by the City in two ways: The budget does not show depreciation expense, and it does not show the value of employee leave balances, in keeping with traditional municipal budgetary conventions. These expenses are, however, reported in the Comprehensive Annual Financial Report (CAFR).

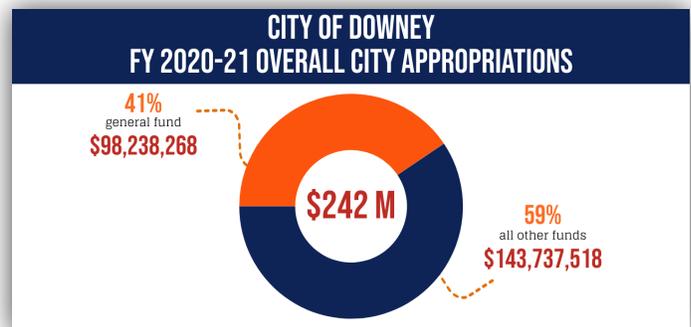

## Budget Controls

Supplemental appropriations can be approved through minute action or a resolution approved by a simple majority vote of the Council. With the exception of transfers between personnel costs and operations/services costs, the City Manager is authorized to transfer amounts between or within departments or programs within any fund. The Council must approve any transfer which alters the total appropriations on any fund.

Departments monitor reports that are issued on the 15th working day of each month for the preceding month to ensure expenditures are properly charged and to ensure there are appropriate funds for future expenditures. At any time during the fiscal year, Departments report to the City Manager and Finance Director of any significant budget variance that cannot be reconciled with the division/department responsible for incurring the variance. Additionally, upon review by the department Directors, purchase orders are transmitted to the Finance Department for verification of budget compliance.

## Budget Highlights

The proposed overall city-wide FY 2020-2021 budget for all funds is \$241,975,786 including operational expenditures resulting from the use of Measure S revenues and including infrastructure investments resulting from the expenditure of Measure S bond funds. Overall, this budget reflects a decrease of \$19,317,616 or 7.39 percent compared to Fiscal Year 2019-2020.

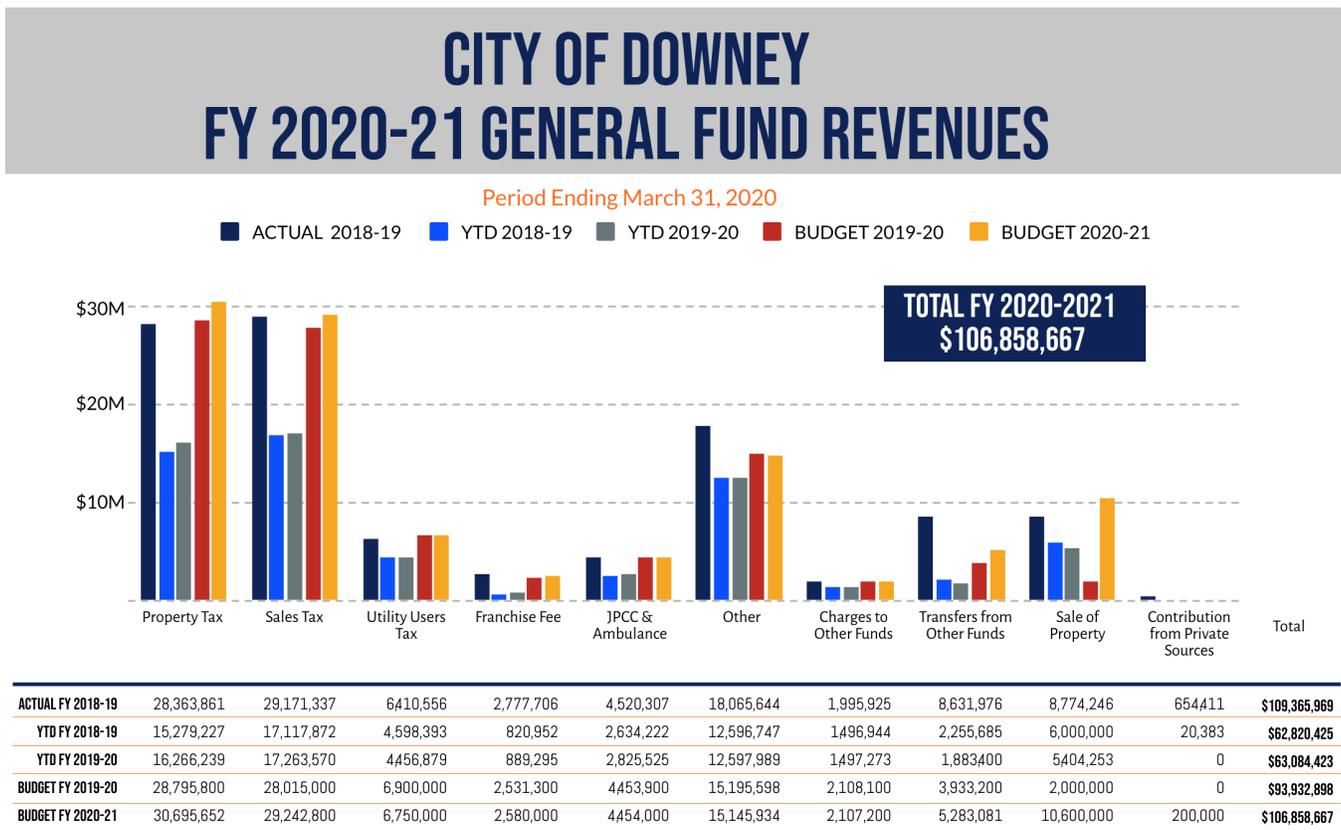

The Fiscal Year 2020-2021 General Fund expenditure budget of \$98,238,268 is funded with Fiscal Year 2020-2021 estimated revenues of \$106,858,667. When developing the budget proposal, staff incorporated department reductions as to help address revenue shortfalls from COVID-19, while ensuring that they will continue to provide high quality programs and services to the Downey Community. Any additional

# City Manager's Transmittal Letter

expenditure stemmed only from the Measure S related activities and bond-funded construction program. There are no capital improvement projects or operating costs funded through the General Fund Reserves, which are projected to reach \$30,296,977 by the close of Fiscal Year 2020-2021.

## Revenues and Projections

Fiscal Year 2019-2020 revenues and expenditures were initially in line with previous projections, however adjustments needed to be made due to the financial impacts of the COVID-19 crisis. Overall, Fiscal Year 2020-2021 General Fund Revenue is projected to be \$106,858,667, which is 13.76 percent higher than Fiscal Year 2019-2020, an increase of \$12,925,769, with property and sales taxes revenues, and a sale of land serving as major contributors.

The City's Fiscal Year 2019-2020 mid-term revenue projections, which extend five years into the future, are outlined in Appendix B "Forecasting of General Fund Revenues and Expenditures," are done on an annual basis to responsibly guide operations and planning. However, it should be noted that these projections were prepared prior to the COVID-19 crisis and will be revised in the coming months as the impacts of COVID-19 become clearer.

Sales tax accounts for 27.36 percent of the City's revenue stream, while property taxes provide 28.72 percent of the City's general fund revenue. The City's Utility Users Tax, which the City's voters adjusted in 2014, will continue its stable-but-slightly depressed revenues compared to pre-2014 levels.

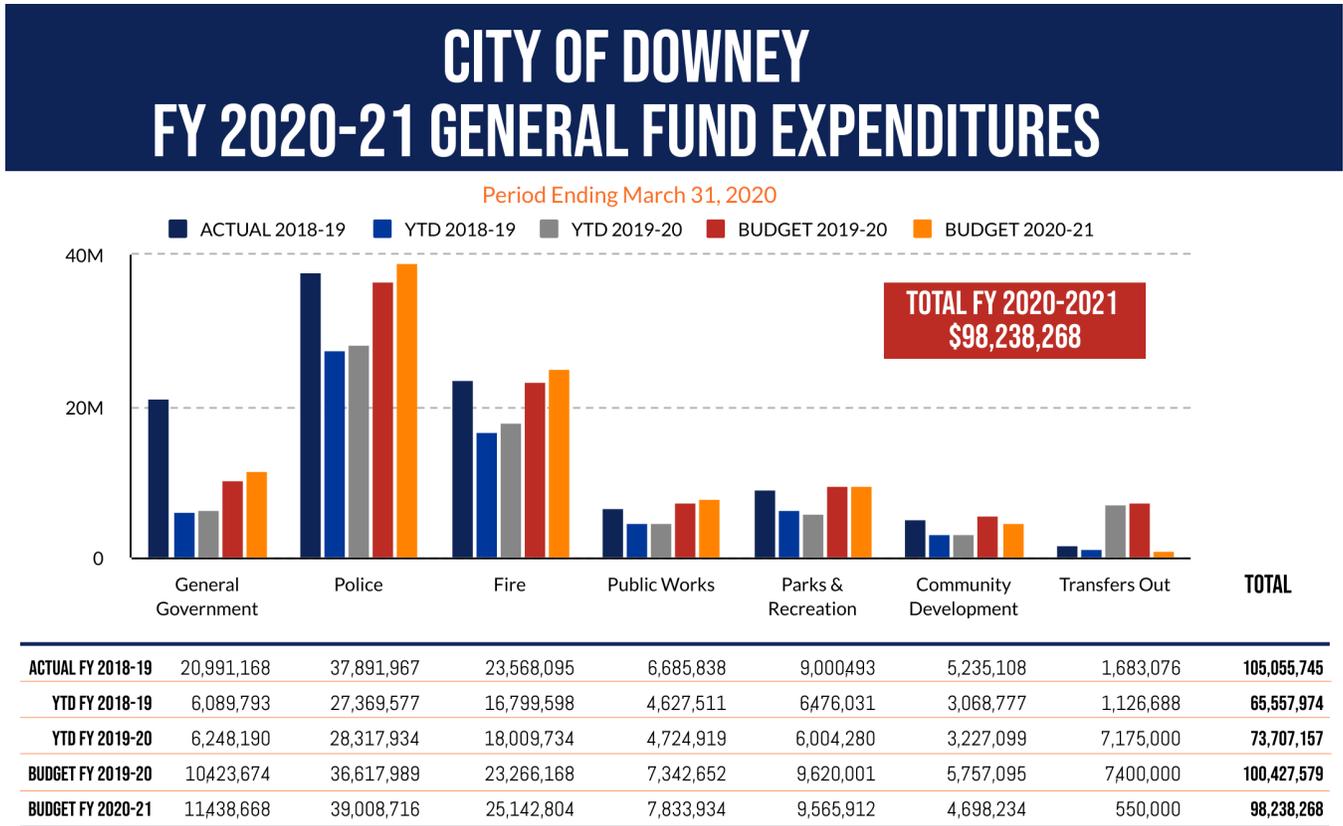

Revenue from fees is expected to slightly increase as the City will be adjusting fees in accordance with the U.S. Department of Labor - CPI Index for the Los Angeles - Long Beach- Anaheim Area as approved by the

# City Manager’s Transmittal Letter

City Council during the FY 2019-2020 budget process. This gradual increase ensures that general fund revenues are not used to subsidize specialized services received by businesses and developers, among others.

## Expenditures and Projections

Proposed General Fund expenditures are \$98,238,268, which is 2 percent lower than last year’s General Fund budget.

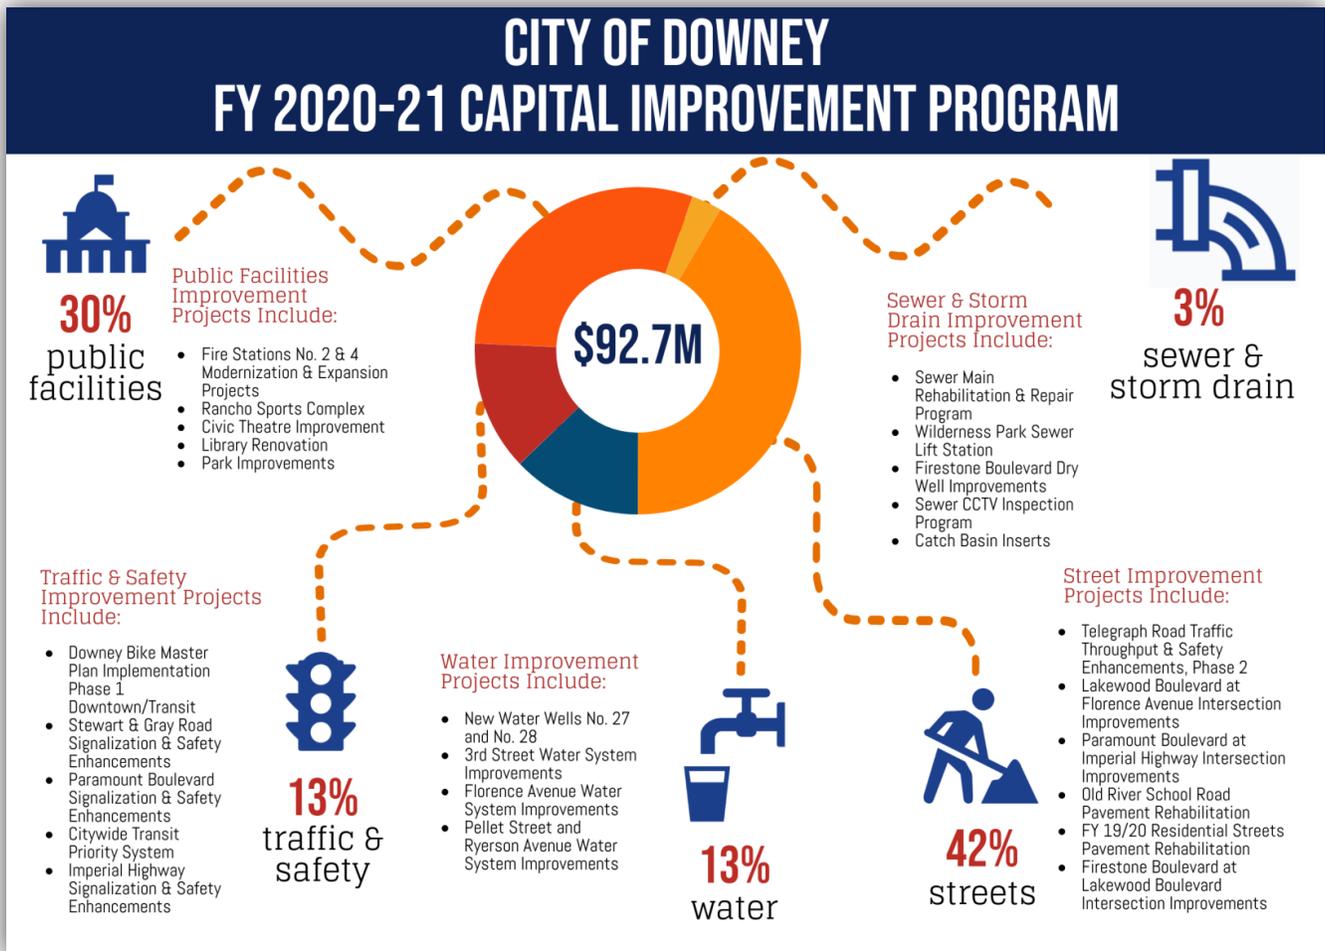

In addition to the Goals mentioned earlier under “City Council Priorities, Goals, and Performance Indicators”, the budget proposes continued focus on growth in Downtown Downey, facilitation of the reuse of under-used parcels throughout the City, increased revitalization of commercial corridors, and the development of the Rancho South Campus and the West Santa Corridor Branch Rail Line. Further, Downey staff will continue to coordinated recovery efforts as a result of COVID-19.

# City Manager's Transmittal Letter

## Capital Projects and Measure S

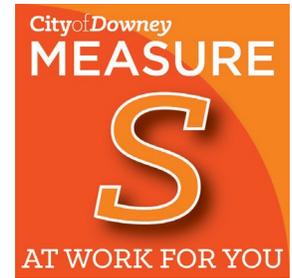

Capital improvements are required to maintain the City's physical infrastructure. The City's Fiscal Year 2020-2021 Capital Improvement Projects (CIP) Budget appropriates \$92.7 Million for street, sewer, light, storm water, water, traffic and public facility improvements. A percentage breakdown can be seen below. Capital improvement projects are funded by Measure S, Proposition C, Measure R, Measure M, 2017 Road Maintenance Rehabilitation Act (SB 1), and other revenues sources. Detailed information of the capital improvement projects are outlined in the Capital Improvement Program as part of this Budget.

# City Manager's Transmittal Letter

## Measure S

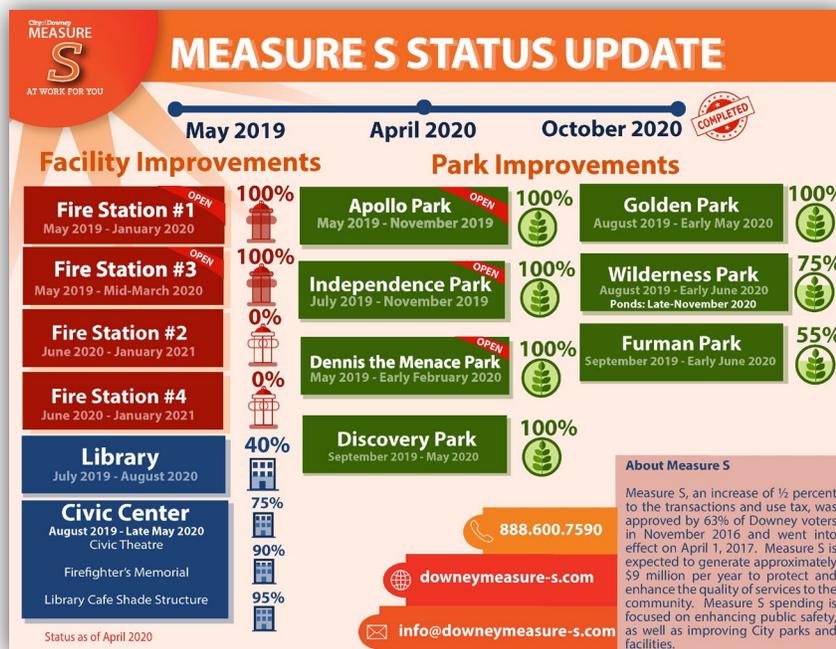

Measure S provides \$10,200,000 in new revenue to the City each year, which is allocated for public safety personnel and related safety and community programs, and the debt service of the \$50 million lease revenue bond which is funding the aforementioned improvements.

This year's work plan continues to be highly involved, and deeply intertwined with \$50 million in bond-funded work occurring over the next year and a half. Because of these bond-funded projects, the annual Capital Improvement Plan represents a 50 percent increase in the organizational workload. In fall 2017, the City's public financing authority approved the issuance of \$50 million in lease revenue bonds, to be repaid over the course of 20 years with revenues derived from the approval of Measure S. The City was fortunate to have the bonds issued in late 2016, at a time when interest rates on the bond market were still quite low for debt-issuers, and the Downey investment was particularly attractive due to the City's high-quality bond rating and reputation of prudent fiscal management. The bond issuance was over-subscribed, meaning there were more interested buyers than there were bonds available to purchase, again, a testament to the City's sound financial management and strong economic growth.

In accordance with the City's responsible fiscal policies, the lease revenue bond comprised of 50% of Measure S revenues is a long term debt that is programmed for significant infrastructure improvements. The bond funds will not be used for current operations. The other 50% of Measure S revenues are programmed for public safety enhancements, primarily safety personnel.

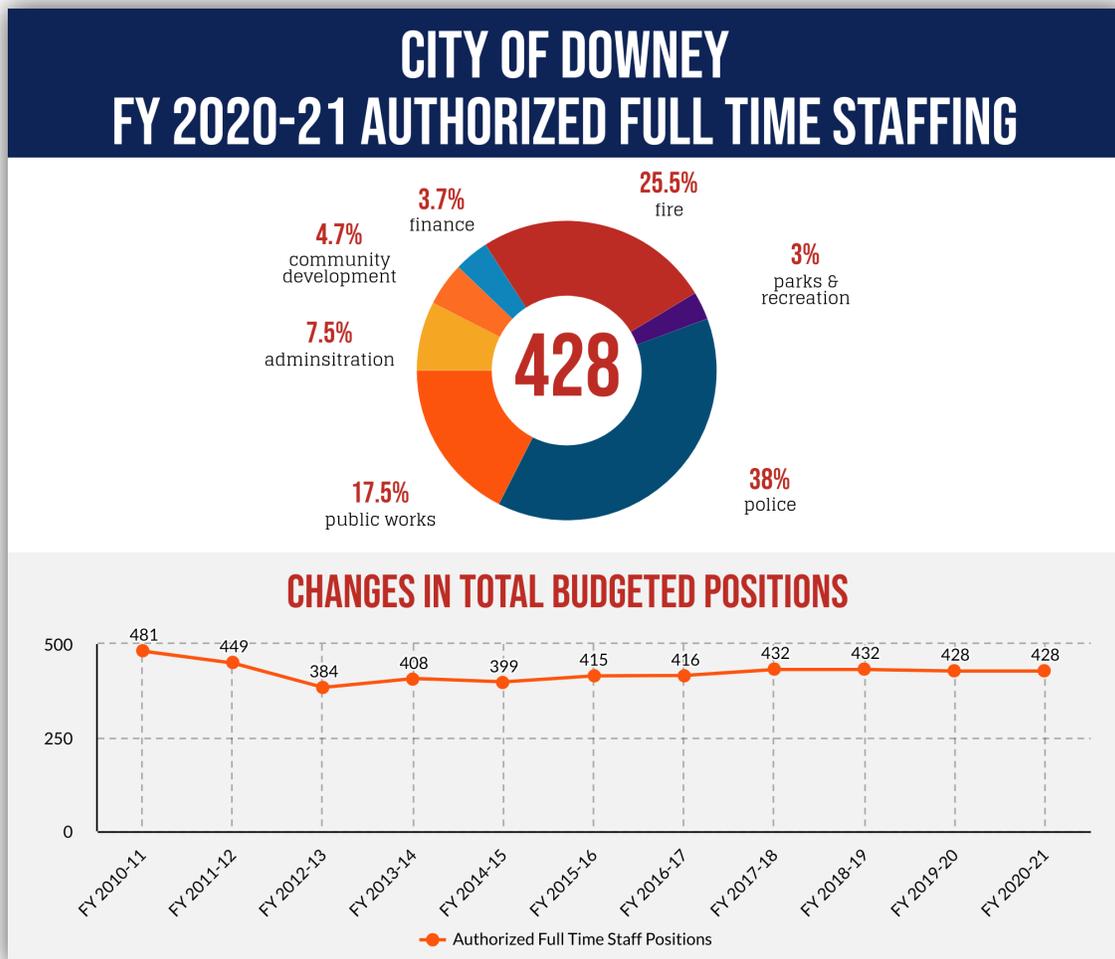

The work program for this year includes the completion of two City Fire Stations, City Library, and \$21 million in recreational, irrigation and infrastructure improvements at City parks. This final year of work requires every staff member in the organization to collectively support the careful planning, accurate accounting, transparent reporting, pervasive community outreach, and the execution of relocation of temporary worksites and personnel redeployment as we strive to complete these projects and continue to provide a continuity of public services during this transition.

# City Manager's Transmittal Letter

## Employee Service Costs

The Employee Service Costs consist of salaries, wages and employee benefits. These costs make up the largest component of the General Fund expenditures. The City strives to provide sufficient staffing levels, with a focus of providing services, public safety and an overall quality of life that surpasses surrounding cities. Although there have been increases in public safety personnel in recent years, the City's full-time budgeted staffing continues to be significantly less than what it was over a decade ago. From FY 2008-2009 to FY 2020-2021, full-time budgeted staffing has reduced from 481 to 428, a 11 percent decrease to address budget challenges and improve organizational efficiencies.

Cognizant of the highly-complex projects slated for the upcoming final year of Measure S and the City's recovery from the COVID-19 pandemic, Council has taken a measured approach in its direction to staff this fiscal year. Moreover, while the City's revenues have increased marginally as the result of intensive business development and retention efforts, these revenues are only enough to meet the ever-increasing costs of CalPERS pensions, and so while staff's continued outstanding performance and dedication are what has made this organization so successful, there have been just modest increases to compensation.

# City Manager's Transmittal Letter

---

Further, having concluded negotiations with all seven bargaining units in the City during FY 2017-2018, and finalizing re-negotiations with two labor groups in FY 2019-2020, the organization has a clear understanding of the trajectory of labor costs over the three year terms of the agreements, and can plan accordingly.

In Fiscal Year 2020-2021, three labor groups will be re-negotiating their labor agreements for the next three year term.

## General Fund Reserves

In accordance with the City Council's Fiscal Responsibility priority, the City Council adopted the General Fund and Emergency Fund Reserves Policy requiring a minimum reserve equal to 35 percent of the average of the last three years of revenues. The City's General Fund Reserve Balance at the end of FY 2020-2021 is projected to be \$30,296,977, maintaining the same level as last year. This Budget does not anticipate any drawdowns of reserves and the City will work to increase revenues to post-COVID-19 levels as part of its recovery efforts.

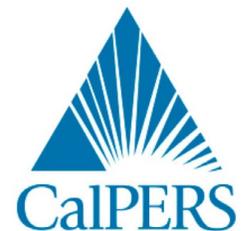

## Budget Challenges

While the City is making progress to meet its financial obligations, there continues to be major challenges that impact City finances. The City is reviewing strategies to address these challenges to ensure they become manageable.

## Retirement Costs

The City contracts with the California Public Employees retirement System (CalPERS), to provide retirement benefits to full-time employees. On January 1, 2013, the State adopted California Public Employee's Pension Reform Act (PEPRA) in an effort to control rising pension costs. Members who became CalPERS members on or after January 1, 2013 or have been separated from service for longer than six months, are considered "new" members", and are required to pay half of the normal cost towards their pension contribution.

In recent years, CalPERS has made changes that will continue to increase employer retirement costs. These changes include: 1) new CalPERS amortization periods and smoothing methods for employer contributions, 2) changes to actuarial assumptions including projecting longer life expectancies and demographic assumptions, and 3) reducing the discount rate of return on investments from 7.5 percent to 7.0 percent. These changes continue to significantly increase the City's retirement costs over the next several years. Due to CalPERS changes, The City's CalPERS retirement costs are expected to increase from \$22.3 million in Fiscal Year 2020-2021 to \$26 million in Fiscal Year 2025-2026.

In order to control rising retirement costs, the City implemented a new tier on January 11, 2012 where each new staff member in the City enters under either a second-tier or pension reform (PEPRA) retirement formula, which will continue the slow reduction of the City's unfunded pension liability in the next twenty to thirty years.

# City Manager's Transmittal Letter

---

However, despite these efforts, like many cities, the City's contribution rates to CalPERS will continue to increase as PERS adjusts its discount rate (the rate of return that CalPERS predicts it will achieve on its investments of public pension funds). The City's contribution for public safety will reach 70.6 percent of salaries in the next 5 years, while miscellaneous (non-sworn) employees CalPERS rates will reach a 46.5 percent of salaries. Further, the Fiscal Year 2020-2021 budget includes a 7.84 percent (roughly \$1.6 million) increase in CalPERS required contributions. Additionally, as a result of COVID-19, CalPERS experienced a significant loss in their fund balance due the declines in the stock market. If these funds are not able to return to previous levels, it is anticipated that cities will have to make up the deficit and pay more to CalPERS in coming years, and potentially resulting in cut in services.

## Health Care Premiums

Healthcare costs for CalPERS-negotiated healthcare plans are expected to increase over the prior year. With anticipated future years' healthcare cost increases and to help offset rising healthcare premiums, in Fiscal Year 2017-2018 the City negotiated with labor groups to require staff, for the first time ever, to begin contributing toward their employer-provided healthcare costs.

## Minimum Wage Increases

In April 2016, Governor Brown approved a minimum wage increase to \$15 per hour by 2022. The minimum wage rate is currently \$13 and will increase by \$1 each year until it reaches \$15. While these increases affect all City Departments, it largely affects the Parks and Recreation Department due to the large volume of hourly employees. In addition, the wage increase could affect maintenance contracts if the prevailing wage rates are increased by the same percentage.

## Landscape and Lighting District

The City's Landscape and Lighting District covers the cost for maintaining and servicing many of the street lights, traffic signals, and landscaping throughout the City. The District is funded through assessments on individual parcels, in seven zones of the District, under the Landscaping and Lighting Act of 1972, and well as general property taxes. The District has experienced diminished revenues in recent years causing strain on the City to maintain the various infrastructures within the District. While the District remains stable in the upcoming year, exploration of a Prop 218 ballot may need to be considered to ensure the District is solvent in future years.

## COVID-19

The duration and severity of the COVID-19 pandemic is uncertain at this time. While the City is anticipating to receive government assistance through the Federal CARES Act funds, and CalOES and FEMA recovery programs for COVID-19 related expenditures, they do not cover the City's loss and delay of revenues. Reduction in local sales tax and TOT revenues due to business closures and the allowance of small businesses to submit taxes up to a year later has caused great economic distress for the local municipalities, and possibly impacting services and programs in the future.

# City Manager's Transmittal Letter

---

## Looking Beyond Fiscal Year 2020-2021

To ensure long-term fiscal viability, the City has made substantial changes to compensation, retirement and healthcare structure; sought federal, state, local and private funding for projects to support our parks, Library, police, fire, water and community development needs; and supported state and federal legislation to increase funding for infrastructure projects.

Longstanding infrastructure and maintenance projects will update City facilities and ensure viability for the next 20-30 years, thanks to funds from Downey's Measure S, the County's Measure M, and the State's SB 1. Specifically, the 2017 transportation funds and local sales tax dollars have helped to stabilize infrastructure resources over the next twenty to thirty years.

However, cautious savings of revenues are what ensure that the City can provide high quality services, in times of economic expansion and in economic uncertainty. The City prepares a five-year capital improvement plan to track projects, costs, funding sources, and potential impacts to the general fund due to ongoing maintenance of these projects. By forecasting for the next five years, it allows City staff to properly budget and allocate resources to future projects, while also anticipating and minimizing, when possible, effects to the General Fund.

Further, Downey is on a sustainable long-term path in terms of state-of-the art infrastructure repair and regional Economic development opportunities that will have tremendous impacts for decades. These include the expand of the Interstate 5 Freeway, the redevelopment of the Rancho Los Amigos South Campus, and the development of the West Santa Ana Branch Corridor rail line and station in Downey.

Additionally, The City completes long-range revenue and expenditure projections (Appendix B) to assist with this effort of financial stewardship. However, possible lingering impacts of COVID-19 on the local economy, recovery expenditures and CalPERS market funds, will affect revenues in the mid-to-long term range, resulting in key budget decision needed to be made in the near future.

As the City's economic development outlook continues to possibly decline; additional measures, such as a potential updated visitor's tax (transitory occupancy tax, TOT) and Lighting and Landscaping District assessment rates will be explored, particularly as hotel developments are coming to fruition. Selected, carefully planned and implemented measure such as a TOT and Lighting and Landscaping District assessment rates increases are not likely to weigh down development and are not revenue measures that impact residents, but are ways that the community can continue to pay for local services, especially as demand increases.

## Conclusion

The FY 2020-2021 Budget achieves the City Council's fiscal year budget goals driven by the Council's five over-arching priorities through strategic use of City resources. The development of the budget provides a constrained approach to municipal operations, ensures sufficient resources are available to maintain service levels and address the City's infrastructure needs through Measure, and continues to strategically address the financial challenges Downey faces in the upcoming years.

# City Manager's Transmittal Letter

As we look forward to the completion of Measure S projects and FY 2020-2021 Budget Goals, the City will continue to monitor factors impacting revenues and expenditures, in particular the COVID-19 pandemic, and enact strategic measures to develop future balanced budgets.

Lastly, I would like to thank the City Council for its leadership and resilience during COVID-19 emergency, and their commitment to a disciplined and transparent financial management process as it has positioned the City well for this unprecedented budget cycle.

I would also like to thank City staff for their unwavering dedication to the Downey community during this health crisis and recovery. Their ability to navigate through the emergency takes a tremendous amount of collaboration, and helped our community rise stronger and better prepared.

Respectfully Submitted,

CITY OF DOWNEY

Gilbert A. Livas  
City Manager

## MISSION

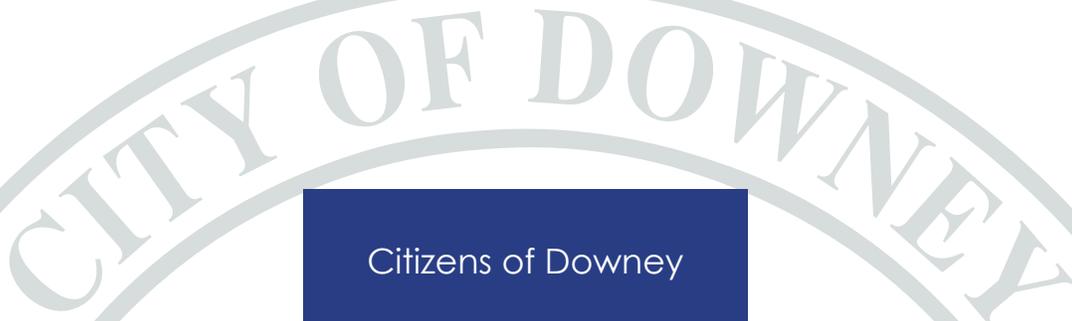

Proudly committed to continuously improving the quality of life for the Downey community by providing excellent service in a professional, ethical and responsible manner.

## VALUES

- Integrity
- Commitment
- Respect
- Teamwork
- Engagement
- Passion Excellence

## CITY COUNCIL PRIORITIES

- Fiscal Responsibility
- Efficiency and Adaptability
- Economic Vibrancy
- Quality of Life, Safety & Infrastructure
- Public Engagement
