TO:       HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM:     OFFICE OF THE CITY ATTORNEY  
          BY: YVETTE M. ABICH GARCIA, CITY ATTORNEY

DATE:     JANUARY 23, 2018

SUBJECT:  RECEIVE AND FILE THE CITY OF DOWNEY ADA SELF-EVALUATION AND TRANSITION PLAN AND DIRECT AN ANNUAL REVIEW AND UPDATE

RECOMMENDATION

That the City Council:
1) Receive and file the City of Downey ADA Self-Evaluation and Transition Plan; and
2) Direct Public Works staff to perform an annual review and update of the Transition Plan.

DISCUSSION

The Americans with Disabilities Act (ADA) requires public agencies to perform a self-evaluation of infrastructure, programs and activities, and develop a plan for bringing infrastructure into compliance with the ADA. Over two years ago, the City began working on an ADA program which included the development of a self-evaluation and transition plan that will bring city infrastructure into compliance with the ADA based on a schedule established by the City.

The inspections of city facilities and public rights-of-way ("self-evaluation process") was conducted by the City’s consultant, Disability Access Consultants (DAC). From those inspections, DAC created a transition plan by inputting the results of these inspections including information regarding the type of ADA upgrades and repairs, their location, photographs of the areas, and the date wherein the repairs are estimated to be repaired. The software will be utilized and accessible to city Public Works staff to assist in tracking ADA repairs and upgrades and will allow Public Works staff to update the transition plan as needed.

As part of the transition plan development, in July 2016, the City reached out to residents and organizations serving the needs of persons with disabilities for input on how the City can best serve the needs of persons with disabilities. After the self-evaluation and transition plan was completed, the transition plan, an executive summary of the plan, and a curb ramp schedule was made available for public review on the City’s website and at City Hall, the Downey City Library and the Barbara J. Riley Center since November 3, 2017.

Because improvements occur continuously throughout the year according to the long-range adopted Capital Improvement Project (CIP) Plan, the Council is asked to direct staff to annually review and update the transition plan to ensure the plan remains relevant and realistic.

There other notable ADA processes that have been instituted, which include:

- The appointment of a City ADA Coordinator to address city-related ADA matters with a dedicated ADA Coordinator email address and telephone line for questions or concerns related to ADA matters;
A webpage on the City website dedicated to ADA matters such as, the City’s transition plan and information about the City’s ADA grievance policy and procedure; and
- ADA grievance policy and grievance form where persons may submit ADA complaints with the City (grievance policy and forms also available in Spanish and Korean languages).

FISCAL IMPACT
There is no fiscal impact to adopting the transition plan and directing its annual review. Compliance with the transition plan is an ongoing expense, required by federal law, and project funds are included with the CIP Plan approved by Council.

The City of Downey ADA Title II Self-evaluation was prepared by Disability Access Consultants, with the collaboration and assistance of City of Downey staff and input by other interested individuals and community members.

Ms. Shannon DeLong, Assistant to the City Manager, served as the primary contact and facilitator for the Americans with Disabilities Act (ADA) Self-evaluation of programs, services, activities and events of the City of Downey and the updated ADA transition/barrier removal plan for City of Downey buildings, parks, public rights-of-way and parking lots.

Ms. Shannon DeLong is the designated Americans with Disabilities Act (ADA) and Section 504 Coordinator for the ADA/504 Self-evaluation and Transition Plan.

A copy of the Self-evaluation and Transition Plan is available from the ADA/504 Coordinator. Accessible alternate formats are available.

Disability Access Consultants (DAC)
(800) 743-7067
Purpose of the City of Downey ADA/504 Self-evaluation and Transition Plan

The purpose of the City of Downey Americans with Disabilities Act (ADA) Title II and Section 504 Self-evaluation is to document the results of the City of Downey's review of access to programs, services, activities, events, facilities, parks, and public rights-of-way by individuals with disabilities in order to determine if any discriminatory or potentially discriminatory practices, policies or procedures exist. This report contains findings and recommendations based on the review of the City of Downey.

As evidenced by this study and update, the City of Downey is committed to complying with the tenets of Title II of the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973 (504), and other federal, state statutes and regulations to provide accessible for persons with disabilities. The update further serves to demonstrate the ongoing compliance efforts by the City.

The City of Downey contracted with Disability Access Consultants (DAC) to conduct a review of City buildings and parks, and public rights-of-way to update the City of Downey ADA Self-evaluation and Transition Plan in accordance of Title II of the ADA. The study includes accessibility requirements for the Americans with Disabilities Act (ADA) Title II, Title 24 of the California Building Code, Caltrans requirements, California Manual on Uniform Traffic Control Devices (CAMUTCD) and the Public Right-of-Way Accessibility Guidelines (PROWAG).

The City of Downey has demonstrated a commitment from the highest level of leadership with coordination of compliance activities and involvement of persons with disabilities and methodologies for compliance procedures. As evidenced in the ADA/504 Report, the City of Downey understands that the ADA/504 Compliance Plan is not a static document, but requires ongoing implementation and periodic updates.

Background

The ADA and Section 504 of the Rehabilitation Act requires state and local governments, such as city and county governments (referred to as public entities in this document) to ensure that their facilities, public rights-of-ways, policies, procedures and practices are accessible and do not discriminate.

In addition to the Department of Justice (DOJ), the Federal Highway Administration’s (FHWA) Americans with Disabilities Act (ADA) and Section 504 program plays an important role to ensure that pedestrians with disabilities have an equal opportunity to use the transportation system in an accessible and safe manner.

As part of FHWA's regulatory responsibility under Title II of the ADA and Section 504 of the Rehabilitation Act of 1973 (504), the FHWA is required to ensure that recipients of Federal aid and State and local entities that are responsible for roadways and pedestrian facilities do not discriminate on the basis of disability in any highway transportation program, activity, service or benefit they provide to the general public; and to ensure that people with disabilities have equitable opportunities to use the public rights-of-way system. Furthermore, laws and regulations require accessible planning, design, and construction to integrate persons with disabilities and that the public entity does not discriminate.

As Caltrans is a recipient of federal funds and cities, counties and other public entities are subrecipients of the flow through funding, public entities are required to demonstrate their compliance with the ADA and Section 504 of the Rehabilitation Act. A component of the requests is the development of a comprehensive ADA/504 Self-evaluation and Transition Plan.

Section 504 of the 1973 Rehabilitation Act (Public Law 93-112) prohibits discrimination on the basis of disability in federally assisted programs. Section 504 requirements for USDOT administrations are covered under 49 CFR Part 27 (USDOT), Nondiscrimination on the Basis of Disability in Programs and Activities Receiving or Benefiting from Financial Assistance. The Americans with Disabilities Act (ADA, 1990, Public Law 101-336) is a broader civil rights statute that prohibits discrimination against people with disabilities.

The Department of Justice (DOJ) has rulemaking authority and enforcement responsibility for Title II, while USDOT is legally obligated to implement compliance procedures relating to transportation, including those
for highways, streets, and traffic management. The Federal Highway Administration (FHWA) Office of Civil Rights oversees the DOT requirements in these areas.

In order to ensure compliance, Caltrans conducts reviews to ensure that:

- FHWA recipients and subrecipients are informed of their responsibilities to provide accessibility in their programs, activities, facilities and public rights-of-way
- Recipients and subrecipients are in compliance with the ADA and Section 504
- Recipients and subrecipients are applying appropriate accessibility standards to all public rights-of-way and transportation facilities
- All complaints filed under Section 504 or the ADA are processed in accordance with established complaint procedures

**Prior ADA Self-Evaluation and Transition Plans**

The 2016-2017 study conducted by Disability Access Consultants updates and/or augments selected accessibility surveys and studies that were conducted previously.

**Dates of Self-Evaluation and Transition Plans**

The ADA self-evaluation and transition/barrier removal plans were prepared using information and input during 2016 and 2017. As the City understands the commitment for regular updates and annual reports, the City will continue to update its plan on a regular basis.

**ADA Self-evaluation and Transition Plan**

To further the City’s commitment to provide programs, services and activities in a nondiscriminatory manner for individuals with disabilities, the City decided to conduct an updated Americans with Disabilities Act (ADA) and Section 504 Self-evaluation of programs, services, activities, parks and facilities.

The updated ADA/504 Self-evaluation provides a current benchmark for accessibility efforts by the City and provides an updated framework for implementation. The current study also incorporates recent updates in the ADA, California Building Code, Caltrans and accessibility trends.

The Self-evaluation of policies, procedures and activities was conducted in 2016-2017 under the direction of Shannon DeLong, Assistant to the City Manager for the City of Downey. Disability Access Consultants (DAC) was contracted to conduct a comprehensive survey of all City buildings, parks, parking lots and public rights-of-way. The goal of the City is that all potential physical and programmatic barriers for accessibility are identified and removed.

**Regular Self-Evaluation Updates**

The City understands that the ADA/504 plan is a living, on-going document and requires regular updates to keep it current. In its continuing efforts to maintain compliance, the City has several mechanisms in place to provide for an ongoing update of the Self-evaluation. The City’s designated ADA/504 Coordinator is empowered with oversight responsibility for implementation of the requirements of the ADA, Section 504 and related accessibility standards and regulation. The City also has the use of web based accessibility management software called DACTrak to document and track the findings and the implementation of the plan, including progress reports.

Although the City actively solicited comments and surveys of programs, services and activities from City staff, community organizations and members of the public in August and September of 2016, it is anticipated that additional comments and input may be received.

As public input is important to develop and prioritize the plan, the City conducted extensive public outreach and as described in the public outreach portion of this document. It is recognized that input from stakeholders is a valuable component of an updated, usable and realistic plan.
Updates may also be necessitated by changes in the ADA, the California Building Code, PROWAG or MUTCD. An example is the court case regarding on-street parking. Another example is the FHWA and memorandum clarifying what is maintenance and what is an alteration.

Classification of the City of Downey

The City of Downey is classified as a "public entity" pursuant to Title II of the Americans with Disabilities Act which applies to state and local governments. A public entity covered by Title II is defined as:

1) Any State or local government;
2) Any department, agency, special purpose district, or other instrumentality of a State or local government; or
3) Certain commuter authorities as well as AMTRAK.

As defined, the term "public entity" does not include the Federal Government. Title II, therefore, does not apply to the Federal Government, which is covered by sections 501 and 504 of the Rehabilitation Act of 1973. Title II is intended to apply to all programs, activities, and services provided or operated by State and local governments. As Section 504 of the Rehabilitation Act applies to programs or activities receiving Federal financial assistance, the City understands that compliance with Section 504 is required.

Title II of the ADA covers programs, activities, and services of public entities. Title II is divided into two subtitles. This study focuses on subtitle A of Title II, which is implemented by the Department of Justice's Title II regulation. Subtitle B, covering public transportation, and the Department of Transportation's regulation implementing that subtitle, are not addressed in this study. The City did, however, survey and incorporate findings from City owned and maintained public rights-of-way. In accordance with the ADA and Section 504, public rights-of-way are considered programs, services and activities of the public entity.

Subtitle A, the focus of the City of Downey self-evaluation, is intended to protect qualified individuals with disabilities from discrimination on the basis of disability in the services, programs, or activities of all State and local governments. It additionally extends the prohibition of discrimination on the basis of disability established by section 504 of the Rehabilitation Act of 1973, as amended, to all activities of State and local governments, including those that do not receive Federal financial assistance. By law, the Department of Justice's Title II regulation adopts the general prohibitions of discrimination established under section 504, and incorporates specific prohibitions of discrimination from the ADA. Section 508 standards for website accessibility are also incorporated into the study.

Focus of the Updated City of Downey ADA Self-Evaluation

Barriers that deny or limit access to programs, services or activities may be structural or nonstructural. Nonstructural barriers may be due to policies, practices or procedures that may inadvertently limit, segregate or discriminate against individuals with disabilities.

The focus of the City of Downey ADA/504 Self-evaluation and Transition Plan targets access to the City's programs, services and activities in nonstructural or programmatic areas as defined by Title II of the ADA and Section 504 of the Rehabilitation Act. Structural barriers are referenced in the transition plan by site and are contained in detail in individualized Transition/Barrier Removal reports of sites inspected and are available from the ADA Coordinator and in the DACTtrak Accessibility Management System. It is important to note that some structural barriers may be addressed by using a programmatic methodology if they did not involve new construction or new remodeling and renovation. Findings, recommendations and other pertinent information from the study has been loaded into the web based DACTtrak Accessibility Management System developed by Disability Access Consultants (DAC) and licensed to the City of Downey.

Using the features available in the DACTtrak accessibility management software, the City is able to generate compliance assessment reports that provide the following information:

- A description of the non-compliant physical element
- Identification of the reason(s) a physical element is considered non-compliant
- Applicable federal and state accessibility code references that apply to the element
City of Downey ADA Self-Evaluation and Transition Plan Update

- Digital photographs of the non-compliant physical element
- Summary and detail aerial maps depicting the location of the non-compliant physical element, which are able to be exported into an ArcGIS file format
- Recommended method to bring the item into compliance
- A construction cost estimate when applicable
- A list of compliant elements found for each facility

Location of Self-Evaluation

The ADA/504 Self-evaluation and Transition Plan will be maintained and made available for public inspection by the City’s ADA Coordinator, Shannon DeLong. The ADA/504 Self-evaluation and Transition Plan is available in alternate formats, as requested. Accommodations are also made by the City as requested.

Designated ADA/504 Coordinator

Ms. Shannon DeLong is designated as the ADA/504 Coordinator for the City of Downey. The City of Downey has established a dedicated phone number and email address specifically for comments and correspondence regarding the ADA Transition Plan, and as an easy and effective method for community members to contact the ADA Coordinator for any ADA related questions or concerns. The address and contact information for the ADA/504 Coordinator is:

  Shannon DeLong  
  City of Downey  
  ADA/Section 504 Coordinator  
  11111 Brookshire Avenue  
  Downey, CA 90241  
  Phone: (562) 299-6619  
  Fax: (562) 923-6388  
  Email: ADACoordinator@downeyca.org  
  TTY: 711

The City offers alternate methods and accommodations to provide access to review or provide input into the City’s plan.

Requests for information from the ADA/504 Coordinator can be sent by email, phone, mail, and fax. The ADA/504 Coordinator currently does not have a direct TTY number, but uses the California relay system. Information is available in alternate formats upon request.

Requests for copies or information about the City of Downey ADA/504 Self-evaluation and Transition Plan can be obtained from the ADA/504 Coordinator.

Self-Evaluation Format

This Self-evaluation provides an overall summary and profile of findings and recommendations. Findings and recommendations for potential physical barriers are found in the web based DACTrak software program. DACTrak has photographs of barriers, GIS information, findings, recommendations, estimated costs and other information. Custom reports and transition plan information can be generated from DACTrak to monitor and track the implementation of the plan.

General Information about the City of Downey

The City of Downey is located in southeast Los Angeles County, California, 13 miles southeast of downtown Los Angeles and was incorporated on December 17, 1956.

Downey is considered part of the Gateway Cities and is the birthplace of the Apollo space program. As of the 2010 census, the City had a total population of 111,772. The largest employers in the City are Kaiser Permanente managed care, the Stonewood Center shopping mall, the Downey Unified School District and the Rancho Los Amigos National Rehabilitation Center.
City Organization, Departments, Committees

Organization and Departments
The main City of Downey departments and divisions include:
- City Manager
- City Attorney
- City Clerk
- Community Development
- Emergency Preparedness
- Finance
- Fire
- Human Resources
- Library
- Parks & Recreation
- Public Works
- Police
- Green Task Force
- Planning Commission
- Successor Agency/Oversight Board
- Youth Commission

Methodology for Self-Evaluation
A City of Downey staff member was designated to provide oversight representation and direction regarding the study of City programs, services, activities and events. Ms. Shannon DeLong, was designated as the City staff member to serve as the City contact for the ADA/504 Self-evaluation. Ms. DeLong is also designated as the ADA/504 Coordinator.

Several methods have been used to provide comprehensive input regarding the public’s accessibility to programs, services and activities offered by the City, including:

- Review of policies, procedures and other documents
- Survey of facility users
- Survey for program and site administrators
- Survey of organizations representing individuals with disabilities
- Review of the previous efforts by the City
- Visits to selected sites
- Inspection of City of Downey sites, facilities, parks, public rights-of-way and other areas
- Information posted on the website
- Public postings and notices requesting input at City locations in conspicuous locations
- Public input - phone calls, meetings and input during training sessions

Relevant policies, procedures and documents are continually being reviewed. Data is being collected regarding programs, services and activities for compliance with the requirements of Title II of the ADA and Section 504 of the Rehabilitation Act. Surveys have been distributed as one measure to determine the level of ADA/504 compliance within the organization. Public postings and notices are displayed in City locations asking for input in the study. Announcements have also been made on three occasions in the local newspaper in multiple languages, and on the City of Downey website.

Transition/Barrier Removal Plan
The term “transition plan” comes from the terminology in the 1990 Americans with Disabilities Act (ADA) that describes how public entities would be “transitioning” into compliance during the timelines of 1992 to 1995. The term barrier removal plan is used in addition to the term transition plan, as public entities are no
City of Downey ADA Self-Evaluation and Transition Plan Update

longer transitioning into compliance during the three years set aside in the law. The transition/barrier removal plan identifies the noncompliant barrier that may deny access to goods and services, the proposed method to remove the barrier, the identity of the responsible person to oversee the implementation of the plan and the projected schedule for barrier removal of “structural” barrier. The self-evaluation, on the other hand focuses on programmatic barriers that may deny access to programs services and activities. The two plans work congruently to remove the structural and programmatic barriers.

Public entities, such as the City of Downey, are required to provide access to City programs, services and activities for the recipients of services. Thus, the City must provide access for individuals with disabilities and document areas of noncompliance. Documentation is incorporated into the plan as barriers are removed. Plans are updated, for example, as the City acquires additional properties, remolds facilities or removes properties from its inventory list.

The following facilities were inspected by Disability Access Consultants:

- **Facilities and Parks**
  - Apollo Park
  - Barbara J Riley Community and Senior Center
  - Brookshire Children’s Park
  - Chamber of Commerce Building
  - City Hall
  - Crawford Park
  - Dennis The Menace Park
  - Discovery Sports Complex Park
  - Downey Civic Theatre
  - Furman Park
  - Gary P. McCaughan Gymnasium
  - Golden Park
  - Independence Park and Tennis Center
  - Downtown Parking Structure
  - Police Department
  - Public Works Maintenance Yard
  - Public Works Utility Yard
  - Rio Hondo Golf Course, Club House, Events Center and Hackers Grill
  - Rio San Gabriel Park
  - Temple Park
  - Transportation Depot Center (Transit Center) – Nance Street Transit Depot
  - Treasure Island Park
  - Wilderness Park

Findings

The City of Downey has demonstrated its ongoing commitment to enhance its accessibility to City programs, services and activities by conducting an Americans with Disabilities Act (ADA/504) Self-evaluation and transition/barrier removal plan.

The findings and recommendations for the City buildings, parks and public rights-of-way (PROW) inspected are contained in the DACTrak Accessibility Management Software. The DACTrak software program provides the City with a web based tool to update its plan, document progress, estimate costs and schedule barrier removal. DACTrak allows the user to prioritize in a variety of methods. Different report formats can be printed from the DACTrak Accessibility Management Software provided by Disability Access Consultants.

Although the funding for the removal of accessibility barriers is incorporated into existing projects, the City can plan to set aside funds for an ADA Budget to augment other ADA activities. Accommodations, for example, that are needed but are not a part of a current project, may be able to be addressed with a dedicated ADA Budget.

Recommendations

The City should develop methods and procedures to update and maintain a current plan, budget funds, schedule, implement, document, and monitor barrier removal activities.

The City should develop internal oversight procedures and methods to monitor new construction to verify that the work completed is compliant with accessibility standards.

Funds should be allocated for ADA projects and removal of ADA/504 and Title 24 barriers to accessibility, in addition to components of the Public Right of Way Accessibility Guidelines (PROWAG) and the California Manual on Uniform Traffic Control Devices (CMUTCD).

Notice to the Public of the Self-Evaluation

Public notices of the Self-evaluation process and study were posted in August and September 2016 in conspicuous locations throughout the City, as well as on the City’s website and in the Downey Patriot local newspaper. An announcement was also made during a City Council Meeting. A copy of the notice of the Self-evaluation and Transition Plan is located in Appendix A.
Summary of Findings and Recommendations

This section of the Self-evaluation contains findings by Disability Access Consultants about the extent to which the City of Downey’s policies and practices provide access to the City’s programs, services and activities. It also includes recommendations by Disability Access Consultants.

The results from the ADA/504 Self-evaluation demonstrate not only the commitment by the City to provide access to City programs, services and activities, but the overall compliance by the City of Downey. The findings from the review of policies, procedures and practices demonstrate a high level of compliance with the requirements of the ADA/504. Only a few recommendations are included in this report that will enhance compliance with the ADA/504.

Noncompliant findings regarding physical barriers that may deny access for persons with disabilities are documented in the updated City of Downey ADA/504 Transition/Barrier Removal Plan that is detailed in the DACTrak Accessibility Management Program. Access to information contained in the DACTrak program is available from the City of Downey ADA/504 Coordinator.

Designation of ADA/504 Coordinator

The regulations implementing the ADA/504 require any public entity with fifty or more employees to designate at least one employee to coordinate ADA/504 compliance (28 CFR §35.107(a)).

Findings

The City has a designated ADA/504 Coordinator to oversee the development, implementation and monitoring of the ADA/504 Self-evaluation and Transition Plan. The City has designated Shannon DeLong, Assistant to the City Manager, as the ADA/504 Coordinator.

The City has posted the identity of the ADA/504 Coordinator on the City website and by a posting in selected City buildings.

Recommendations

Information regarding the identity of the City’s ADA/504 Coordinator should continue to be provided to staff, posted at all City locations, incorporated into new employee orientation packets, and placed in frequently used publications, on the website and in staff and public directories.

It is recommended that the City continue to publish the name, address, e-mail address and phone numbers of the City of Downey ADA/504 Coordinator in appropriate public notices, brochures, pamphlets and other documents frequently distributed to the general public. Publications should also include the Telecommunications Device for the Deaf or Teletypewriter (TDD/TTY) and/or the California relay phone number.

At the time of the ADA/504 Self-evaluation the ADA/504 Coordinator did not have a designated and posted TDD/TTY number.

Posting of Identity of ADA/504 Coordinator and Notice of Rights

Federal regulations require public entities to make available to interested persons the name, office address and telephone number of the ADA/504 coordinator (28 CFR §35.107(a)).

In addition, Section 35.106 requires a public entity to disseminate sufficient information to applicants, participants, beneficiaries and other interested persons to inform them of the rights and protections afforded by the ADA/504. Furthermore, in providing for notice, the City must comply with the requirements for effective communication in Section 35.160.

A copy of the public rights notice is located in Appendix A.

Findings

The identity of the ADA/504 Coordinator and the notice of the rights afforded individuals with disabilities were posted and noticed at the commencement of the study. The identity of the ADA/504 Coordinator, address, phone number, and email address were noticed and posted.
The City's website contains this information on a page dedicated to the Americans with Disabilities Act and is easily found through a menu selection link under City Government on the home page.

**Recommendations**

The City should provide ongoing notice of the identity of the City of Downey ADA/504 Coordinator on its website and in frequently used publications or documents accessed by the general public and by recipients of programs, services and activities.

The notice may also be provided in newspaper advertisements, on applications, at program sites, in program handbooks, in regular mailings, on legal notices, in requests for proposals/qualifications, on facility use agreements, and in contracts.

The notice should include the name, title, address and phone numbers of the ADA/504 Coordinator. The notice should include a TDD/TTY number and/or California Relay number to ensure equally effective communication. Although not required, it is recommended that the notice include the e-mail address for the ADA/504 Coordinator.

Notices should be posted in conspicuous locations on a regular basis.

Information regarding the requirement to post the identity of the ADA/504 Coordinator, notice of rights in accordance with the ADA/504 and related information should be sent to each department by the ADA/504 Coordinator or other appropriate official. A standard notice should be given as an example. Each department could add specific information applicable to the provision of programs, services and activities.

Posting and notice requirements should be updated if the identity of the ADA/504 Coordinator changes or if more than one ADA/504 Coordinator is designated.

**Statement of Accommodations on Public Notices**

Statements of accommodations should be available on public notices and agendas. The City is required to provide Title II information in alternative formats to ensure that that information is accessible to people with disabilities.

**Findings**

Public City Council Agendas and other public postings and notices currently have an ADA/504 compliance statement. A sample of an ADA/504 compliance statement from a City of Downey City Council agenda is:

"In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, contact the City Clerk's Department at (562) 904-7280 or the California Relay Service at 711. Notification at least 48 hours prior to the meeting will enable the City of make arrangements to assure accessibility."

Similar statements were also found on the selected agendas viewed for the Planning Commission, Oversight Board and Public Works Committee meetings.

**Recommendations**

Another sample statement may include the following statement with the phone and TDD/TTY numbers:

"Individuals who need auxiliary aids and or services for effective communication or to participate in programs and services of the City of Downey are invited to make their needs and preferences known to the ADA/504 Coordinator or the alternate Contact Person. This notice is available in accessible alternate formats from the ADA/504 Coordinator."

It is recommended that the City continues to include a statement of accommodation and compliance on all future council and committee agendas.

**Statement of Nondiscrimination**

All public entities are required to provide information to applicants, participants, beneficiaries, employees and other interested persons of the rights and protections afforded by Title II of the ADA (26 CFR §35.106).
Findings
A Nondiscrimination Notice was easily found on the City’s Website under Americans with Disabilities Act from the City Government link on the City’s home page. The Nondiscrimination notice states the identity of the City’s ADA/Section 504 Coordinator, along information for contact by mail, email, phone, fax and TTY.

A nondiscrimination notice is also made know and available to City staff in internally distributed documents that include the Employee Handbook and Administrative Regulation No. 425. The notice of nondiscrimination is also contained in all City or Successor Agency development agreements.

Recommendations
Nondiscrimination statements should be posted on frequently used publications for the public.

A sample nondiscrimination notice should also be utilized. A notice, such as the following sample, could be utilized:

“The City of Downey does not discriminate on the basis of disability in admission to, access to, or operations of its programs, services or activities. The City does not discriminate on the basis of disability in its hiring or employment practices. Questions, concerns, complaints or requests for additional information regarding the Americans with Disabilities Act may be forwarded to the City’s ADA/504 Coordinator (provide contact information).”

Policies, practices and procedures for nondiscrimination should refer to members of the public, in addition to employees, and address nondiscrimination in regards to access to all programs, services and activities for individuals with disabilities and not be limited to employment. The City should consider adopting a general nondiscrimination policy for access to programs, services, activities, applicants and employees.

Statements of nondiscrimination should be included on selected publications, brochures describing programs, services and activities offered by the City, new employee materials, recruitment materials; publications and frequently used forms and documents.

Departments should be directed to include the statement in selected publications, documents and forms.

Contracts and vendors that provide printing and publication services should be notified of required statements, required font and required contrast for accessible publications.

The new employee orientation packet and volunteer information should include a statement of nondiscrimination by the City in regards to the public’s access to programs, services, activities, recruitment and employment.

Input into the Self-Evaluation Process
The regulations which implement the ADA require public entities to provide an opportunity to interested persons and organizations to participate in the Self-evaluation process. For three years after completion of the Self-evaluation, the public entity must keep records of any problems identified. (28 CFR §35.105)

Findings
The City of Downey provided numerous opportunities using different methodologies to solicit input into the City plan. The public input process was comprehensive. Public input surveys were available in hard copy format at several high public use City facilities such as City Hall and Library. Links to surveys designed for Downey program and facility users and for organizations representing individuals with Disabilities are also provided on the City’s website in standard and large font formats. Surveys for input from organizations who serve persons with disabilities was mailed to many organizations in Downey and the surrounding area, requesting comments and feedback. In addition to formal surveys, the phone number, email address and mailing address of the City of Downey ADA/504 Coordinator was posted publically offering several further methods for citizens to offer comments.

Recommendations
Although no additional activities are required, the City may wish to conduct periodic customer satisfaction surveys or gather input from recipient of services as an ongoing activity. An additional emphasis may
include outreach activities to collect and integrate input from individuals with disabilities and organizations representing individuals with disabilities on an ongoing basis.

**Grievance/Uniform Complaint Procedures**

A public entity that employs fifty or more people must adopt and publish grievance procedures which provide for the prompt and equitable resolution of complaints alleging any action that would be prohibited by the ADA (28 CFR §35.107(b)).

**Findings**

From the Americans with Disabilities link from the home page, users can access the City’s Grievance Procedure and form, each of which includes contact information for the City’s ADA Coordinator if someone would need to file a grievance. The notice includes information on the procedure for filing a grievance with expected windows of response, and a secondary contact if further discussion is needed for resolution. The form that is provided for a grievant to complete, is very thorough which aids the process to ensure the City collects the information needed to investigate and resolve a grievance. It is noted, that the instructions are to type or print information onto the grievance form. However the form is only available as a standard PDF, not a fillable PDF form which would allow a user to type responses into the document.

**Recommendations**

The City should make efforts to inform staff and the public of the existence of the City’s ADA/504 Coordinator, grievance procedures, the steps for handling grievances, and the City policies for remediation of grievances.

Information regarding complaint procedures should be readily available to members of the public, as well as to employees and applicants. Procedures should outline the steps needed to resolve a complaint.

- Grievance procedures should be a part of the new employee orientation packet.
- Grievance procedures should be available in accessible alternate formats.
- A method to collect data and collect a profile of complaints should be developed. The status of the complaint and the time from complaint to resolution should be documented to assist with interventions and staff development to reduce or eliminate repeated complaints.

Complaint procedures and forms should be available at all City buildings and in all departments.

The City might consider the centralization of complaint handling to assist with the tracking of complaint resolution. A centralized database and analysis of types and locations of complaints may also assist with developing profiles to assist with targeting quality control and training measures. Centralized record keeping of such information will help the City to regularly update its compliance efforts, and plan for additional compliance implementation for training and budget considerations.

The ADA/504 Coordinator or designated staff can develop updated reports based on a profile of concerns or complaints to determine the needs for proposed training materials, agenda items, and proposed budget expenditures.

Procedures should continue to be developed, implemented and institutionalized to provide consistency for complaint resolution and record keeping.

Grievance procedures should also provide an alternate point of contact other than the ADA/504 Coordinator.

**Access to Programs, Services and Activities**

A public entity may not adopt official policies that are discriminatory or engage in practices that are discriminatory. This prohibition applies to policies that are explicitly exclusionary and to those which appear to be neutral but have a discriminatory effect (28 CFR §35.130(b)(3)).
Findings
City programs, services and activities were reviewed and none were found to be discriminatory. Public input was sought regarding access to programs, services and activities as described in the opportunities for public input section of this summary.

Recommendations
The ADA/504 Coordinator should continue to monitor and receive information regarding concerns or issues about access to programs, services and activities and take the appropriate action regarding any potential discriminatory practices for persons with disabilities.

City Policies

Findings
City policies, procedures and practices were reviewed and none were found to be discriminatory. DAC has noted a few comments and recommendations for consideration by the City.

Recommendations
The City should continue to provide programs, services and activities that include individuals with disabilities.

The ADA/504 Coordinator should continue to monitor programmatic access.

Additional and ongoing training should be provided regarding the requirements of the Americans with Disabilities Act and accommodations that provide equal access to programs, services and activities.

Meetings and events open to the public should be held in buildings that meet accessibility requirements, or in the accessible portion of the building with accessible elements that serve the area where the meeting or event is held. For example, parking, restrooms and drinking fountains that serve the area where the meeting and event is held should also be accessible.

Information regarding the facility should include information regarding accessible features and elements of the site. For example, accessible parking, accessible restrooms and other items and elements should be indicated on documents and on the website. Indicating accessible paths of travel and accessible entrances also provides valuable information for individuals with disabilities. A contact number and email address should be provided for additional assistance.

Eligibility Criteria
Public entities cannot use eligibility criteria that tend to exclude or screen out persons with disabilities (28 CFR §35.130(b)(8)).

Findings
No discriminatory practices were noted regarding eligibility criteria for program access.

Recommendations
Program eligibility criteria should be reviewed as they are drafted or modified to ensure that eligibility criteria do not put additional burdens or requirements on individuals with disabilities.

The City should continue to ensure that all eligibility criteria allow for accommodations for individuals with disabilities.

Accommodations to Access Programs, Services and Activities
The ADA/504 prohibits public entities from excluding persons with disabilities from programs, activities or services offered by the public entity. The law allows a public entity to use both structural and nonstructural methods to achieve accessibility to programs, services and activities (28 CFR §35.150(a); (b)(1)).

Findings
Reasonable accommodations policies and regulations are available to view on the City website.
The City Council and City committee agendas continue to include a statement regarding requests for accommodations for compliance with the ADA/504 be directed to the City Clerk, and includes a phone number and the California Relay number for persons who use assistive technology.

**Recommendations**

Information about how to request accommodations should appear on all public notices, announcements and agendas. Information should be disseminated to all departments and divisions regarding the statement for accommodations requirement.

The City should provide training for staff and volunteers regarding accommodations for individuals with disabilities. All staff, and in particular frontline staff such as receptionists and staff with high public contact, should receive training on interacting and accommodating individuals with disabilities.

Additional training materials and videos should be purchased or developed to assist with training efforts.

Currently, individuals requesting ADA/504 Accommodations are directed to contact the City’s ADA/504 Coordinator, Shannon Delong, by phone fax or email. The City of Downey does not currently have an ADA/504 accessibility or accommodation request form on their website. This form could be added to the City’s dedicated Americans with Disabilities Act page, and be available using several methods and alternate formats upon request. The ADA/504 Coordinator should maintain records of requests, concern and comments and the status and method to resolve the concerns.

Citizens requesting ADA/504 Accommodations specifically for participation in a City Meeting are directed to contact the City Clerk by phone with their request.

The City should assist departments with planning and budgeting for selected accommodations, such as large print, cassettes, cd-roms, Braille materials, etc.

A centralized method for producing alternate formats may provide a cost savings and reduce the timelines for the production of alternate formats.

**Equally Effective Communication**

Public entities must ensure that applicants, participants and members of the public with disabilities have communication access that is equally effective as that provided to persons without disabilities (28 CFR §35.160(a)).

**Auxiliary Aids and Services**

**Findings**

The City does have selected auxiliary aids and services available to persons with disabilities.

**Recommendations**

The City should provide staff training and information regarding auxiliary aids and effective communication to employees and volunteers.

The City’s policy directives should require equally effective communications for programs, services and activities provided for the public by the City of Downey.

The City could purchase a portable indoor-outdoor assistive listening system that could be checked out from the ADA/504 Coordinator on an as-needed basis. Information should be sent to departments regarding the availability of assistive listening systems.

**Interpreter Services**

**Findings**

Interpreter services are generally handled individually by departments.

**Recommendations**

Interpreters should be provided as determined through the request for accommodation process or in circumstances where an interpreter is known to be required. The City may want to inquire about a
contract for City-wide interpreter services for departments to utilize as needed to provide a quicker response at a lower cost.

The City must ensure that those individuals utilizing a language other than English and are deaf, are also provided interpreter services that specialize in signing for that language.

The City may consider the use of a video relay interpreter system to augment the current contract and arrangements for interpreters.

Telecommunications Devices for the Deaf

Findings
TTY/TDD numbers were not found to be available in some departments, City publications, website pages or in staff or service directories.

Recommendations
All staff responsible for responding to incoming telephone calls should be trained in the proper use and protocol of TDD/TTYs. Information and training should be provided on an ongoing basis.

The City should install additional telecommunications devices for the deaf (TTY/TDD) phone lines in several areas or purchase a network compatible system that would reside on the server.

Departments with high public use should purchase a unit or a network system. The City might consider the purchase of a network PC compatible TTY/TDD system that would allow individual computers to be networked and access TTY/TDD calls, instead of purchasing separate TTY/TDD units that require a dedicated line. The advantages of the networkable system are allowing the user to transfer calls, conduct conference calls and utilize voice mail.

Employees who communicate with the public should become familiar with the use of TDD/TTY communications and how to maintain the TDD/TTY in an operable condition. The development of TDD/TTY help sheets noting abbreviated words commonly used in TDD/TTY communications would be helpful to staff when communicating via TDD/TTY. Posting the help sheet near TDD/TTY's would also be helpful to the user.

Procedures should be developed and institutionalized to ensure that TDD/TTY and other communication devices are maintained in working and operable order at all times.

The City may wish to purchase additional back up TDD/TTYs for replacement, in the event that permanently located TDDs may be temporarily out of commission.

Publication of all TDD/TTY numbers must be provided in program literature, in phone directories and on selected publications.

Website
There are three levels of website accessibility recognized by the World Wide Web Consortium (W3C). The standards are referred to as Web Content Accessibility Guidelines 2.0 (WCAG 2.0). Websites for Title II entities such as the City of Downey are required to comply with WCAG 2.0 Level AA. Level AA requirements include all minimum standards of Level A as well.

Findings
The City website was found to be reasonably compliant regarding website accessibility to meet WCAG 2.0 Level AA protocols.

Very few errors were found, however common errors found on multiple pages are linked images missing alternative text and missing form labels.

Video archives of past Council and Committee meetings are available to view, however the files are not open or closed captioned. Per WCAG 2.0 Level AA, recorded video and/or audio files made available on the website of the Title II public entity must offer open or closed captioning.
Recommendations
The City should attempt to add suitable text descriptions to linked images and form labels. The City should continue to monitor its website accessibility. The City should also contract with a service to caption meetings for online view, or invest in a software or system that would allow City staff to add captioning to video of meetings or other events that is available on the City’s website.

The City should ensure that the website vendor/contractor provide a compliant website and issue a statement of accessibility.

Alternate Formats
Findings
Statements of accommodations do not specify to persons with disabilities that alternate formats are available and it is not known what alternate formats may be available for public documents.

Recommendations
The City should consider a method to centralize a department, possibly connected to information services or printing, that would provide documents and materials in alternate accessible formats. The centralized approach to developing and maintaining alternate accessible formats may be more cost effective and timely.

The City should continue to provide staff training regarding the requirements for accessible alternate formats, what accessible alternate formats are and how to provide accessible alternate formats. Procedures should be put in place for the development of accessible alternate formats.

The City should produce accessible alternate formats for high use areas where the probability for a request for an alternate format is high. Examples include provision of audiocassettes, large print, information that sent via e-mail, screen readers, Braille, and pictograms.

Public meeting broadcasts should be captioned and interpreters made available when requested.

It is recommended that the City consider contracting out selected services to organizations that have the ability to develop Braille documents for brochures, pamphlets, applications, documents and other public information written in text.

Availability of Online Information and Services
Information regarding City of Downey programs, services and activities should be available in alternate formats to assist individuals with disabilities.

Findings
The accessibility of City of Downey information, meetings, agendas and minutes is significantly enhanced due to the online availability of documents for meetings that are archived. The City’s website has pages for upcoming and archived meetings that includes agendas, minutes and video files of previously held meetings. A video archive of meetings provides a significant step to accessibility of actual meetings, in addition to other methods of providing information to members of the public. No option for viewing the archived meeting with closed captioning was located.

Recommendations
Public notices regarding meetings and other methods for input should have a statement of accommodations that includes who to contact for an accommodation. A TTY/TDD number should also be included. To meet the Title II public entity requirements of WCAG 2.0 Level AA, recordings of meetings and videos are required to be closed or open captioned.

In regards to input for public meetings and agendas, the methods for submitting information should also be expanded to include a system for online input in addition to appearing in person and submitting written comments.

Terminology
City publications should be reviewed to see if the word “handicapped” is used. The words “individuals with disabilities” or “persons with disabilities” should replace “handicapped”. The term “disabled person” should also be avoided. Information regarding acceptable terminology in “people first language” should also be provided to City staff. Publications should be updated as they are reprinted.

It is recommended that the ADA/504 Coordinator disseminate information regarding acceptable terminology to be utilized by departments and agencies.

**Staff Training**

On-going compliance with the ADA/504 can only be achieved if City staff and officials receive ongoing and updated training about the rights of persons with disabilities and the obligations of public employees under the ADA/504. Although training is not required by the ADA/504, training regarding the requirements of the ADA/504 is recommended.

**Findings**

There was evidence of training provided within the City and documentation of City staff attending accessibility related training. DAC has also provided consultation for administrative and facilities staff.

**Recommendations**

The City should continue to provide ongoing training regarding the ADA/504 for facilities, public rights-of-way and outdoor recreation standards. Suggested training topics should include, but are not limited to:

- Requirements of the ADA/504 for the City of Downey
- Individuals with Disabilities
- Acceptable Terminology and Expressions
- Noncompliance Consequences
- Accessible vs. Compliant
- Barriers – Programmatic or Physical
- Providing Services for Individuals with Disabilities
- Leased Sites
- Special Events
- Accessible Locations for Meetings
- Events & Voting
- Auxiliary Aids and Services
- Construction & Remodeling
- Maintenance of Accessible Features
- Community Donations and Construction Projects
- City of Downey Responsibilities
- Notice of the ADA/504 Coordinator
- Notice and Rights Posted for individuals with disabilities
- TDD/TTY
- Assistive Listening
- Grievance Complaint Procedures
- Statement of Accommodations
- Individuals with Disabilities Participation
- Use of City Facilities By Organizations and Individuals
- Reasonable Accommodations
- Statement of Accommodations
- Effective Communication
- Alternate and Accessible Formats
- Accessible Websites
- Volunteers
Staff Development

The City should provide staff training in additional formats other than a classroom session, if needed. Training methodologies could include videos (captioned) that could be viewed at the training or checked out by departments and agencies.

Additional training videos should be purchased and maintained for checkout, or borrowed from a variety of agencies, such as the Department of Rehabilitation.

Handouts and training materials should be prepared, if needed, in alternate accessible formats.

The ADA/504 Coordinator should continue to provide or coordinate additional ADA/504 training to all management and staff who have regular contact with the public.

New Employee and Volunteer Orientation

Findings

A statement is included on all City of Downey job flyers that reads “Any applicant requiring reasonable accommodation during the selection process due to a qualified disability must inform the Human Resources Office at (562) 904-7292 at least 72 hours in advance.”

The City’s Volunteer Opportunities page does not include a statement of nondiscrimination or reasonable accommodations.

Recommendations

The City should add information as to the identity, title, address, phone number and e-mail address of the ADA/504 Coordinator to new employee orientation and volunteer information.

The City should develop training materials and videos for new employees and volunteers regarding information and requirements of Title I and Title II of the ADA and Section 504. Materials could also be offered on providing accommodations for individuals with disabilities.

Outreach Materials and Activities

The ADA/504 does not specifically state how a public entity provides for accessibility to the City’s programs, services and activities. One method is to disseminate information in a variety of locations and formats to enhance the access to programs, services and activities of the City.

Findings

No specific outreach activities were noted regarding providing activities and materials for individuals with disabilities. However, when meetings and activities are scheduled, a member of the Public Works Department reviews the location to determine accessibility. In addition, a statement of accommodation is included on public outreach meeting notices.

Recommendations

The City should consider including additional pictures and references to individuals with disabilities in publications, brochures and materials.

Organizations representing individuals with disabilities and areas with an increased population of individuals with disabilities could be targeted for input regarding additional methods to disseminate information regarding programs, services and activities of the city.

In City publications, areas or services that are accessible should be indicated with descriptive text and the International Symbol of Accessibility (ISA). For example, accessible restrooms and routes can be designated on the website, on maps and in publications.

Distribution and Location of Publications

Publications, documents and brochures are required to be accessible for individuals with disabilities.
Findings
Most publications, brochures and documents are displayed in departments and areas that were accessible for individuals with disabilities. Displays should also allow for retrieval of the information without utilizing a tight pinching or grasping motion and be within a compliant reach range.

Recommendations
The ADA/504 Coordinator should continue to provide information to departments regarding the placement of brochures, pamphlets and information in accessible locations and in accessible containers or displays for individuals with disabilities. Including requirements for reach ranges and clear floor space to access publications would also be helpful.

Counters and areas that are lowered for access by individuals with disabilities should be maintained and kept clear of display and work items.

Fees and Surcharges
Public entities may not charge a fee or add a surcharge to a fee to cover the cost of making its facilities, programs, services or activities accessible to persons with disabilities. (28 CFR §35.130(f)).

Findings
There was no evidence of fees charged to individuals with disabilities that were not charged to individuals without disabilities to access programs, services and activities.

Recommendations
The ADA/504 Coordinator should continue to randomly review policies and practices to ensure that fees and surcharges are not charged to individuals with disabilities that are not charged to individuals without disabilities.

Emergency Evacuation Procedures
The City is required to plan to meet the needs of persons with disabilities in an emergency and provide access to emergency shelter services.

Findings
The City of Downey website contains Emergency Preparedness and alert information in the event of natural or man-made disasters. Information regarding the emergency and recovery plans are available from the City’s Office of Emergency Management.

There is also an option for residents to subscribe to Downey Alerts Citizen Notification System, which will send immediate emergency notifications from the City to a phone number or email.

Downey also offers a Community Emergency Response Team (C.E.R.T.) program to instruct volunteers to assist family, friends and neighbors in times of widespread emergencies when first responders may be overwhelmed. There is no reference as to whether the training curriculum includes information on assisting persons with disabilities.

Emergency evacuation routes were posted at the majority of the sites inspected.

Recommendations
The City should provide additional training and information regarding emergency evacuation procedures, particularly with regard to the evacuation of persons with disabilities.

The City should make sure that evacuation routes and procedures continue to be posted at all City sites in accordance with ADA/504 regulations.

All staff should be made aware of the location of the posted evacuation routes within their facilities.

The City should develop procedures and a mechanism to monitor the posting of emergency evacuation routes and procedures.
The City should consider the development of a voluntary registry for individuals that may need additional assistance that may not have access to technology.

Shelters should be surveyed to determine that they are accessible for individuals with disabilities prior to being designated as an evacuation shelter. A provision should be noted to allow service animals and training should be provided to shelter staff to understand the difference between pets and service animals.

Designated evacuation shelter sites should also be inspected on a regular basis to determine that the shelter continues to be accessible for persons with disabilities. Noncompliant findings for designated shelters can be found in the City of Downey ADA/504 Transition/Barrier Removal Plan.

Organizations Representing Persons with Disabilities

The ADA/504 does not require the City staff or teams to directly participate with organizations representing persons with disabilities. The City of Downey, however, has an opportunity to network and develop collaborative partnerships with individuals and organizations representing persons with disabilities. Through the network, partnerships, and the City of Downey ADA/504 Committee, the City has provided an additional mechanism for public input to ensure that current and future programs, services and activities are accessible.

Findings

Information regarding the representation of individuals with disabilities on committees was not available.

Recommendations

The City should continue to include individuals with disabilities on committees and advisory boards.

Policies for the Use of City Facilities

Findings

The City’s Department of Parks and Recreation notes that select parks and park facilities are able to be reserved. The City’s website includes terms and conditions for reserving a facility or park as well as a Facilities Conduct Policy. There is no nondiscrimination notice or information on accessibility in the terms, but the Facilities Conduct Policy does state that users are not permitted to engage in any activity prohibited by municipal, state and/or federal laws, which would include discrimination on the basis of a disability.

Recommendations

The City should consider the inclusion of a nondiscrimination clause in their rental policy. The inclusion of nondiscriminating language in policy and on forms would help ensure that outside groups and organizations would agree to abide by all applicable local, state and federal laws and City policy regarding nondiscriminatory practices during the utilization of City facilities.

The City should make the application form and facility use agreement available in multiple formats, ensuring at least one is accessible, and offer multiple methods to submit the application. A policy that would prohibit pets in a facility or park should include a notice allowing service dogs, when appropriate.

Facilities Leased by the City

Under Title II of the ADA, the City is responsible for providing access to its programs, services and activities in both owned and leased facilities.

Findings

Noncompliant findings for leased spaces can be found in the City of Downey ADA/504 Transition/Barrier Removal Plan.

Recommendations

The City should review the accessibility of sites that are and may be leased in the future prior to engaging in a lease or renewal, and establish a procedure for a pre-lease inspection.

When considering a leased space, the ADA/504 Coordinator should be trained to conduct or have a designee or consultant conduct a field inspection of the prospective building to assess the building for a
general, functional level of accessibility. The ADA/504 Coordinator could utilize an abbreviated checklist to determine general accessibility of facilities that the City is considering to lease. A more comprehensive inspection could be conducted if the initial review appears to be favorable.

Selection of Contractors and Contracted Services
Public entities cannot use contract procurement criteria that discriminate against persons with disabilities (28 CFR 35.130(b) (5)). Contractors should be held to the same nondiscrimination rules that apply to City employees.

Findings
No discriminatory or exclusionary practices were evident in the selection of contractors and contracted services.

Recommendations
The City should continue to monitor use of standard agreements and leases by all City departments.

It is recommended that the City consider one or more of these avenues to maintain compliance when contracting for services or when leasing facilities:

- Include ADA/504 compliance requirements in new requests for proposals.
- Review ADA/504 requirements when contracts or leases are negotiated, revised or renewed.

Maintenance of Accessible Features
The ADA requires (35.133) public entities to maintain their accessible features and elements.

Findings
No formal policies or procedures specifically to maintain accessible features were found. There is evidence, however, of maintenance of some accessible features at City sites. The City also includes accessibility improvements and renovation in their overall Capital Improvement Plans.

Recommendations
The City should consider developing procedures or policies to maintain accessible features that require general maintenance. A few examples include re-striping of parking, trimming vegetation or items that interfere with sidewalks, elevators and paths of travel.

Planning and Budgeting for Accessibility
There is not a specific requirement in the ADA/504 for planning and budgeting for barrier removal. There is a requirement for public entities to incorporate a projected schedule for barrier removal into the transition/barrier Removal plan. A City that is budgeting or seeking funds to use for ADA/504 barrier removal and to improve access to programs, services and activities shows intent to implement the barrier removal/transition plan.

Findings
There is evidence that the City of Downey is incorporating the removal of barriers to accessibility on an ongoing basis and plans to remove additional barriers to City programs, services and activities.

Recommendations
The City should preserve the method to maintain an ongoing barrier removal implementation plan and document the City's progress, initiatives and funds expended.

It is recommended that the City contract for an independent review of plans, remodeling efforts and new construction for accessibility requirements for the Americans with Disabilities Act Standards (ADA) and Title 24 of the California Building Code. It is important and required that the accessibility barrier removal efforts meet federal and state accessibility codes.

The ADA/504 Coordinator, or designated staff, should be empowered with the authority to make recommendations and monitor the current City of Downey ADA/504 Self-Evaluation and Transition Plan.
In addition to the removal of structural barriers, departments should consider budgeting for accessibility items, especially in the area of communication, such as TTY/TDD’s and alternate formats.

**Opportunities for Input**

Title II of the ADA/504 requires opportunity for input into the self-evaluation process by individuals with disabilities, organizations representing individuals with disabilities and other interested individuals.

**Findings**

Many opportunities were provided for input into the self-evaluation process. Input collected from within the City’s organizational structure through selected interviews, document reviews, selected site assessments and surveys. Notices requesting input and the identity of, and contact information for, the ADA/504 Coordinator (Appendix A) were posted at City sites, on the City website and in the Downey Patriot newspaper. An announcement was also made at a City Council meeting.

The content of the notice is included in the public notice section of this Self-evaluation.

Notices with information regarding the rights of individuals with disabilities (Appendix A) were posted at City sites and were placed on the City website.

Notices and postings regarding the ADA Self-evaluation and opportunities were posted on the City of Downey website, in the Downey Patriot newspaper and at City locations.

Survey forms (Appendix B) were available at City sites to afford members of the public an opportunity to provide input. Those surveys were available in alternate formats. In addition to posted City contact phone numbers, email addresses were also provided.

The public comment period for the Self-evaluation was advertised for responses to be returned prior to September 16, 2016.

**Surveys for Organizations Representing Individuals with Disabilities**

Community organizations representing individuals with disabilities and other interested individuals are provided opportunities for input via phone call, email or written input. The City mailed the survey packet to multiple area organizations. Two types of surveys were available and are contained in Appendix B. Surveys were available for Organizations Representing Individuals with Disabilities or for Facility Users. The option to complete both surveys were presented. The surveys include questions regarding contact with City programs, if there were any current complaints or problems, what information or resources the organization could provide that would assist the City and what general guidance or assistance the organization could provide. A full version of the survey is included in Appendix B.

The City received three responses to the Survey for Organizations during the advertised window. The responses are summarized as follows:

1. What direct communications have you had with the City of Downey to facilitate services and accommodations for individuals with disabilities?
   - None
   - Various communications concerning SCLARC’S consumers.
   - None

2. Are there any specific complaints or problems regarding access for individuals with disabilities or any of the programs, services or activities provided by the City of Downey?
   - None
   - Property owners in Downey not sensitive to needs of disabled or ADA Requirements.
   - No

3. What information or other resources can you supply to help educate or inform the City of Downey about your organization and your services for individuals with disabilities?
   - We own and operate a Thrift Shop/our place is wheel-chair accessible.
   - Community outreach fairs and presentations, brochures, public town hall meetings
City of Downey ADA Self-Evaluation and Transition Plan Update

- A) Brochures (both in English and Spanish)  B) Flyers,  C) Website: www.thearcclaoc.org

4. What general guidance, advice or assistance could your organization provide to the City of Downey to protect against potential discrimination of individuals with disabilities in its programs, services or activities?
   - (no response)
   - We refer to ADA laws along with Lanterman Act as our guiding principles.
   - The Arc would be honored to host an information meeting/forum

5. What do you feel is the highest priority for the City of Downey to improve accessibility for individuals with disabilities?
   - We have no specific ideas
   - Letting residents know what supports are in place for residents with disabilities that live in Downey. We get calls from Downey residents asking for services of Downey (housing/ADA questions).
   - Maintaining ADA compliance

Additional Comments:
   - (no response)
   - (no response)
   - (no response)

The City will still continue to welcome comments and responses from organizations at any time.

Surveys for Facility Users

Surveys were available for facility users to provide input. Surveys were made available to the users of City facilities. Surveys were available at city locations and on the website. The surveys included questions regarding accessibility, signage, accommodations, and the availability of auxiliary aids and equipment. The survey also asked the respondent to rate the City’s attitude towards individuals with disabilities.

Survey questions included:

1. What is your relationship to the City of Downey?

2. Check all programs, services or activities in which you participate at the facility, site or location.

3. Do you know who to contact if you need assistance, have a concern or complaint, or need an accommodation to access a facility, service or event?

4. Have you ever requested an accommodation for a disability?

5. Have you experienced any exterior barriers, non-accessible areas, or non-accessible programs? (Examples: no accessible parking spaces, difficulty reaching an accessible entrance, steep ramps, uneven sidewalks, etc.).

6. Have you experienced any interior barriers, non-accessible areas, or non-accessible programs inside the facility? (Examples: stairs only to the facility, narrow doorways, protruding objects in the hallways, lack of assistive devices, missing or inappropriate signage, lack of interpreters, etc.)

7. Have you attended any special events in the City? If yes, did you encounter any barriers to accessibility?

8. Is accessible seating provided for individuals with disabilities at programs, community events, etc. held at the facility?

9. Are you aware of any programs, services, or activities that are not accessible to individuals with disabilities?

10. Are you aware of any areas and elements of the facility that are not accessible to individuals with disabilities?
11. Is information provided regarding accommodations, auxiliary aids, assistive listening systems, interpreters, alternate formats, specialized equipment, or assisted services, etc.?

12. Is there adequate directional and informational signage provided at the facility?

13. If you have requested auxiliary aids, an interpreter or specialized equipment, was your request accommodated?

14. Is the attitude of the City of Downey towards you, or someone you know with a disability, generally helpful, supportive, positive, and proactive in solving accessibility issues?

15. Other comments:

16. What do you feel is the highest priority for accessibility in the City of Downey Accessibility Plan?

**Responses to Surveys by Facility Users and Organizations**

The City received six completed survey in response to their request from program and facility users during the advertised window. Information from the response is contained in the following summary:

1. What is your relationship to the City of Downey?
   - Resident
   - Other, employer
   - Resident, Other (group advocate)
   - Resident, Visitor, Participant of a program, service or activity, Other (systematic services and programmatic Access Downey)
   - Resident, Visitor, Participant of a program, service or activity, Other (ADA)
   - Participant of a program, service or activity

2. Check all programs, services or activities in which you participate at the facility, site or location.
   - Recreation, Other (Parks).
   - Work (Employee), the Arc provides programs and services to people with disabilities
   - Recreation, Other (Parks).
   - Recreation, Other, Meetings (for stress therapy)
   - Work (Volunteer), Recreation, Seminars, Other, Meetings (Town meeting, Planning and Council)
   - Work (Volunteer), Work (Employee), Meetings

3. Do you know who to contact if you need assistance, have a concern or complaint, or need an accommodation to access a facility, service or event:
   - (no response)
   - Yes, appropriate City department
   - No, parents I have spoken to don’t know who to contact or that an accommodation would be made.
   - Yes, Mayor Alex Sabb and Admin Mr. Rivas.
   - Yes, in person constituent
   - Yes

4. Have you ever requested an accommodation for a disability?
   - Not applicable
   - Yes
   - Not applicable
   - Yes, 54950.5 Ralph M. Brown Act.
   - Not applicable, fear of retaliation!
   - No
5. Have you experienced any exterior barriers, non-accessible areas, or non-accessible programs? (Examples: no accessible parking spaces, difficulty reaching an accessible entrance, steep ramps, uneven sidewalks, etc.).
   - Not applicable
   - Yes, The Arc requested upgrade to “crossing signal” at Woodruff & Washburn
   - Not applicable
   - Not applicable, Don’t Know, ADA access transportation = sidewalks
   - Not applicable, Don’t Know
   - (no response)

6. Have you experienced any interior barriers, non-accessible areas, or non-accessible programs inside the facility? (Examples: stairs only to the facility, narrow doorways, protruding objects in the hallways, lack of assistive devices, missing or inappropriate signage, lack of interpreters, etc.)
   - (no response)
   - No
   - The barriers are the lack of additional support given to participants with developmental disabilities, they won’t register if they feel needs aren’t met.
   - Yes, uneven sidewalks due to tree root uplifting and grinding surfaces
   - Yes, steep ramps, uneven sidewalks, need for large print
   - Yes, Limited parking for members and customers

7. Have you attended any special events in the City? If yes, did you encounter any barriers to accessibility?
   - (no response)
   - Yes, no [did not encounter a barrier]
   - Yes
   - Yes, council chambers, PLC meetings and planning committees.
   - Yes, [barrier of] programmatic access Golden Park and elsewhere, sidewalks access
   - Yes

8. Is accessible seating provided for individuals with disabilities at programs, community events, etc. held at the facility?
   - Not applicable
   - Yes
   - Not applicable
   - Not applicable, Don’t Know, no marked area for accommodations
   - No, Don’t Know
   - Not applicable

9. Are you aware of any programs, services, or activities that are not accessible to individuals with disabilities?
   - [Yes], Adaptive swimming, other adaptive classes
   - No
   - Yes, bad accommodations = not accessible. I have heard several patrons that have attempted swimming lessons not being able to be accommodates. City should look to have special needs class w/advertised days/times for those that can’t be accommodated in the classes that already exist. Also, staff need training/knowledge on how to accommodate better. Once child was 6 years and put in a mommy and me swim class as the accommodation. This is not an accommodation; not developmentally appropriate.
   - Yes, committee on disability
   - Yes
   - Don’t Know
10. Are you aware of any areas and elements of the facility that are not accessible to individuals with disabilities?
   - Yes, swings are not accessible to children in wheel chairs
   - No
   - Yes, swings at Apollo Park
   - Yes, Lakewood Blvd/I-105 disability parking; Lakewood Blvd. signs and furniture too low; Deming Avenue 13200/Castana Ave 13300; sidewalk and curb cut on ramp at Metro 266 Lakewood Cir via Rosemead-Lakewood; Deming Ave 13200
   - Don’t Know
   - Not applicable

11. Is information provided regarding accommodations, auxiliary aids, assistive listening systems, interpreters, alternate formats, specialized equipment, or assisted services, etc.?
   - (no response)
   - Yes, Spanish interpreters and alternate formats
   - Don’t Know
   - Don’t Know
   - Don’t Know, explaining procedures to that cognitive, learning or psychiatric individuals can easily understand
   - No

12. Is there adequate directional and informational signage provided at the facility?
   - Don’t Know
   - Yes, 1. Evacuation plan posted, 2. Wheelchair access, 3. Disabled parking
   - Don’t Know
   - Don’t Know
   - Not applicable, Don’t Know
   - Yes

13. If you have requested auxiliary aids, an interpreter or specialized equipment, was your request accommodated?
   - (no response)
   - Not applicable
   - Don’t Know
   - No, Not applicable, Don’t Know, not suggested by City staff for nonverbal individuals
   - Not applicable
   - Not applicable

14. Is the attitude of the City of Downey towards you, or someone you know with a disability, generally helpful, supportive, positive, and proactive in solving accessibility issues?
   - No, although I feel they have the desire to be helpful.
   - Yes, 1. Participation in fundraising events, 2. Graciously accommodate our requests for parking permits and access, 3. CDBG funding
   - No, it’s not that staff aren’t positive and want to be more helpful, but w/out proper knowledge and training it’s impossible to provide accessible services.
   - Not applicable, age discrimination on the basis of disability
   - No, All people enjoy equal rights, equal opportunity and freedom from illegal discrimination under disability rights laws.
   - Don’t know

15. Other comments:
   - (no response)
   - (no response)
Accommodate and program parody, thanks!
Systematic discrimination ADA violations. Very important to follow all broaden scope of access issues by state and local governments because Title II extend the prohibition of discrimination established by Section 504 of the Rehabilitation Act of 1973 / amended 29 USC. 794 to all activities. Provisions of Resolution, reach 527 US 581 (1999) to the extent possible for the disabled population, should be able to interact, participate and interact with nondisabled people in community settings, without fear, coerce or retaliation who assert a right protected by civil right laws. 54950.5 Brown Act/ADA.gov/42 USC§1983 1st Amendment

• View the public records under meetings. Also articles of bad or poor judgments to use full name about plaintiff about his incoherent or rants to participate.
• (no response)

16. What do you feel is the highest priority for accessibility in the City of Downey Accessibility Plan?

• *Budget line for individuals with special needs, *An inclusion polity and point person to oversee all aspects of our needs throughout the City’s programs, *Hire and train staff in behavior intervention for special needs, *Once staff and budget are in place, implement programs for individuals with special needs such as: >after school programs with staff trained, >Special Olympics teams, 1 per season in the following sports: swimming, soccer, bowling, >return of “Camp for Champs” summer program, >adaptive swimming, >accommodations for our children in music, arts and crafts programs, >create or update at least one park in Downey that is a fully accessible playground, >provide a virtual resource center on the City of Downey website with links to all programs available as well as those available in neighboring cities, >offer space to conduct parent workshops on different special needs topics, such as therapies, financial assistance, etc.
• Continue to fully engage and support people with disabilities
• 1. Advertise someone for parents to call when they register for program / create an accommodations pop-up after someone registers [so] that they can contact someone for accommodations and they can type in information about their child and their needs. 2. The school district offered to train staff to work w/individuals w/disabilities, take them up on their offer. 2. Develop a clear inclusion policy and intake process (City of Irvine does an excellent job at this). 4. Work with regional center, they can help provide guidance on trends affecting this community. 5. Work to make all park playgrounds accessible over time, especially swings
• Safe & reasonable passage, sidewalks, curbs and ramps (transportation)
• Cure and correct, programmatic access “use” safe sidewalks, pathways, transportation which or should remove obstacles or barriers of furniture like poles at bus stops, also include architectural access. The City of Downey budget from or for access and functional needs. I protest Barden v. Sacramento 292 F 3rd 1073 (2002) Willits v. Los Angeles, by failing to maintain existing sidewalks and adding new construction for or altered sidewalks, ensure accessibility. The City of Downey [entity] local gov must allocate percent of its transportation funds, to make the City’s pedestrian rights of way accessible to all persons with disabilities, non-disabled and visitors welcome. “The effect has been for many years” apparent / accessibility covers a broadened public services equal access.
• (no response)

The City has also received the following comment by telephone voicemail in response to the public input:

Golden Street in Downey going east towards Golden Park. There are no sidewalks and to address curb cuts or ramps. Golden Park where the handicapped park is the area by the trees by the sidewalks near the play area [and] has always been a concern. Lately a crew of people [have been] going out and grinding the street creating an uneven surface. Sidewalks should be repaired and
corrected so [that there is] no rise or bump or uneven path in that area. I would like to meet with you and become familiar with who you are regarding my case. By the say, my certified mail receipt is [redacted] to [the DOJ] in Washington in regards to this grievance case. Thank you.

The City will still continue to welcome comments and responses from facility users at any time.

Implementing Compliance Recommendations

The City of Downey has demonstrated an ongoing commitment to provide equal access to its programs, services and activities to maintain and enhance compliance with the requirements of the Americans with Disabilities Act. This commitment is evident throughout the organizational structure and is demonstrated by its outreach efforts and involvement of the community. The City continues to embrace a concept of full and equal access for all of the people it serves.

As further evidence of its efforts for compliance with the Americans with Disabilities Act and related accessibility legislation, the City of Downey has continued to prioritize and develop funding projections for implementation of the ADA Self-evaluation and barrier removal/transition plan.

Implementation of the recommendations in the Self-evaluation will continue to require planning, resources, staff training, interdepartmental coordination and collaboration throughout the organizational structure and the public.
Appendix A - Public Notices and Postings

Public Notice and Posting
City of Downey

The City of Downey, in keeping with its ongoing efforts to serve all members of the community, is updating its Americans with Disabilities Act (ADA) transition plan and self-evaluation. The accessibility plan provides a comprehensive plan for access for individuals with disabilities to City buildings, sidewalks, programs, services, activities and events.

The City of Downey is seeking input from agencies, organizations and individuals with disabilities. As an agency, organization or individual, the value of stakeholder guidance will help to address and prioritize current and future needs. Individuals who would like to provide input are invited to complete a survey, call or email the ADA Coordinator. Surveys are available for organizations that represent individuals with disabilities, patrons, community members, employees, and other interested individuals who wish to participate in the evaluation.

Your comments and opinions are important to us and will provide valuable information regarding how the City of Downey can better serve individuals with disabilities. Surveys can be mailed to you or are available at:

City Hall
City of Downey
11111 Brookshire Avenue
Downey, CA 90241

Please contact Shannon DeLong, ADA Coordinator, if you have questions or comments or would like to request a survey in an alternate format.

(562) 299-6619
ADACoordinator@downeyca.org

Information regarding the Americans with Disabilities Act can be obtained from the ADA Coordinator. The City of Downey complies with the Americans with Disabilities Act of 1990, Public Law 101-336, which prohibits discrimination on the basis of disability.
The City of Downey is committed to achieving full compliance with the Americans with Disabilities Act.

City of Downey DOES NOT:

- Deny the benefits of City programs, services and activities to qualified individuals with a disability on the basis of a disability.
- Discriminate on the basis of disability in access to or provision of programs, services, activities of the City, or application for employment or employment to qualified individuals with disabilities.
- Provide separate, unequal or different programs, services or activities, unless the separate or different programs are necessary to ensure that the benefits and services are equally effective.

The City of Downey operates its programs so that, when viewed in their entirety, they are readily accessible to or usable by individuals with disabilities.

In accordance with Section 35.106 of the Americans with Disabilities Act, all participants, applicants, organizations and interested individuals are advised and noticed that the ADA Coordinator for the City is:

Shannon DeLong
City Hall
City of Downey
11111 Brookshire Avenue
Downey, CA 90241
(562) 299-6619
ADACoordinator@downeyca.org
CITY OF DOWNEY

ADA PUBLIC NOTICE

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA") and Section 504 of the Rehabilitation Act (504), the City of Downey will not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities.

Employment: The City of Downey does not discriminate on the basis of disability in its hiring or employment practices and complies with all regulations promulgated by the U.S. Equal Employment Opportunity Commission under title I of the ADA.

Effective Communication: The City of Downey will generally, upon request, provide appropriate aids and services leading to effective communication for qualified persons with disabilities so they can participate equally in the City of Downey’s programs, services, and activities.

Modifications to Policies and Procedures: The City of Downey will make all reasonable modifications to policies and programs to ensure that people with disabilities have an equal opportunity to enjoy all of its programs, services, and activities. For example, individuals with service animals are welcomed in the City of Downey offices, even where pets are generally prohibited.

Anyone who requires an auxiliary aid or service for effective communication, or a modification of policies or procedures to participate in a program, service, or activity of the City of Downey, should contact the office of the program, service or activity coordinator as soon as possible but no later than 48 hours before the scheduled event.

The ADA does not require the City of Downey to take any action that would fundamentally alter the nature of its programs or services, or impose an undue financial or administrative burden.

Complaints that a program, service, or activity of the City of Downey is not accessible to persons with disabilities should be directed to:

Shannon DeLong, ADA/Section 504 Coordinator
City of Downey
11111 Brookshire Avenue
Downey, CA 90241
ADACoordinator@downeyca.org
Phone: (562) 299-6619
Fax: (562) 923-6388
TTY: 711

The City of Downey will not place a surcharge on a particular individual with a disability or any group of individuals with disabilities to cover the cost of providing auxiliary aids/services or reasonable modifications of policy, such as retrieving items from locations that are open to the public but are not accessible to persons who use wheelchairs.
Appendix B - Surveys

City of Downey
Survey for Program and Facility Users

Survey for Downey Program and Facility Users

The city is seeing input from agencies, organizations and individuals with disabilities to help the City enhance accessibility to its facilities, programs, services and events.

Americans with Disabilities Act
Survey for Organizations Representing Individuals with Disabilities
City of Downey

The City of Downey is currently updating its Americans with Disabilities Act Self-Evaluation and Transition/Barrier Removal Plans. In order to enhance access to programs and services for individuals with disabilities, the City of Downey is asking for your input.

Name of organization:

Address: ______________________________ Contact person: ______________________________

Phone: ______________________________ Position: ______________________________

Today's date: ______________________________

Name of person completing this form: ______________________________

Name of the ADA/504 Coordinator(s) for your organization: ______________________________

The following questions have been developed to determine how organizations and advocacy agencies perceive the City of Downey' ability to provide services and accommodations for individuals with disabilities and to ask for input regarding how programs, services and activities can be more accessible for individuals with disabilities.

1. What direct communications have you had with the City of Downey to facilitate services and accommodations for individuals with disabilities?

2. Are there any specific complaints or problems regarding access for individuals with disabilities to any of the programs, services or activities provided by the City of Downey?

3. What information or other resources can you supply to help educate or inform the City of Downey about your organization and your services for individuals with disabilities?

4. What general guidance, advice or assistance could your organization provide to the City of Downey to protect against potential discrimination of individuals with disabilities in its programs, services and activities?

5. What do you feel is the highest priority for the City of Downey to improve accessibility for individuals with disabilities?

Please add any additional comments on the back of this survey or attach any additional documents.

Thank you for your input.

Please return this survey to Shannon DeLong, ADA/Section 504 Coordinator, City of Downey, 11111 Brookshire Avenue, Downey, CA 90241. Comments can also be made by calling (562) 299-6619, through California Relay at 7-1-1, or by email at ADACoordinator@downeyca.org.
