CITY MANAGER'S OFC.
[Signature]

TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL
FROM: OFFICE OF THE CITY MANAGER
BY: DELFINO R. CONSUNJI, P.E., DIRECTOR OF PUBLIC WORKS/CITY ENGINEER
DATE: OCTOBER 23, 2018
SUBJECT: RECEIVE AND FILE THE CITY OF DOWNEY ADA TRANSITION PLAN ANNUAL REVIEW AND UPDATE

RECOMMENDATION

That the City Council receive and file the City of Downey ADA Transition Plan annual review and update.

BACKGROUND

The Americans with Disabilities Act (ADA) requires public agencies to perform a self-evaluation of infrastructure, programs and activities, and develop a plan for bringing infrastructure into compliance with the ADA. Over the last three years or so, the City of Downey began working on an ADA program which included the development of a self-evaluation and transition plan to bring City infrastructure into compliance with the ADA.

During 2016-2017, the self-evaluation process was conducted by the City's consultant, Disability Access Consultants (DAC), and included inspections of City facilities and public rights-of-way. The inspection findings, including information regarding the type of ADA upgrades and repairs, locations, photographs of those areas, and the estimated dates the findings were scheduled to be repaired, were subsequently developed into a transition plan.

As part of the transition plan development, the City reached out to residents and organizations serving the needs of persons with disabilities for input on how the City can best serve the needs of persons with disabilities. After the self-evaluation and transition plan was completed, the transition plan was made available for public review. The City also appointed an ADA Coordinator to address City-related ADA matters, created an ADA grievance policy and grievance form and dedicated a webpage on the City website for ADA matters. The public may submit ADA complaints in person or through the web page as well as get info on the City transition plan ADA grievance policy and procedure.

On January 23, 2018, the City Council received and filed the City of Downey ADA self-evaluation and transition plan. Because infrastructure improvements, including ADA upgrades and repairs occur continuously throughout the year in the adopted Capital Improvement Project (CIP) program, the City Council directed Public Works staff to perform an annual review and update of the transition plan to ensure that the plan remains relevant and realistic.

DISCUSSION

Since the development of the City’s ADA program, sixty-six (66) requests for services related to ADA matters have been received by the ADA Coordinator. Fifty-seven (57) of these requests have been closed upon completion of the requested improvements; the remaining nine (9) requests will be completed as part of future projects. One (1) resident requested a copy of the ADA Non-Discrimination Policy and Grievance Procedure and five (5) Grievance Forms have been submitted during this three-year period.

The City has completed numerous ADA repairs and upgrades to various City facilities and public rights-of-way through the CIP program and other routine maintenance activities since the ADA self-evaluation and transition plan has been completed. Staff has been utilizing the DAC software to assist in tracking ADA repairs and upgrades which has allowed staff to update the transition plan as needed. A detailed list of City facilities and public rights-of-way that have been improved to comply with current ADA requirements through September 30, 2018 is shown in Attachment A. The following is a summary of the detailed list of ADA repairs and upgrades completed.
